Solar System Secrets

Solar System Secrets as Told by the Sun

The pyramid builders first interacted with humanity's 3rd generation on the planet Mars. It was generally known and accepted that 'aliens' were coming and going frequently. Since it was a part of everyday life, not many found it odd.

The artificial moons Demos and Phobos were 'Eyes in the Sky' put in place by the rulers to enforce societal law. Culture was much like the Ancient Egypt that you have caricature descriptions of in your text books. In fact, the seeds of this nuance come from Pleiades where the Astral Version of this Theosophy resides.

It was not war that destroyed the civilization of Mars. Their orbit simply moved too far out to sustain the balance that they had enjoyed for 18,000 years. The water began to dry up and food could no longer grow. Air was becoming toxic as the shaking of the magnetic field caused volcanoes to blow. The remaining survivors came up with the 'Adam and Eve project' to save their species and then turned to the pyramid builders for help.

Placing representative DNA samples in

Pearly Gates Press Volume 1

transportable containers, the pyramid builders offered to deliver the specimens to the next red planet in, Earth. Ever since then, they have been interfering with the development of humanity. On Mars, the people knew the pyramid builders and were considered partners on an equal basis. On Earth, the pyramid builders have used the people's forgetfulness to enslave them and make them into servants. Opportunists above all else, it was their cruelty and disregard for spirit which enabled the Giza monuments to be built.

In a previous incarnation, Hitler was a pharaoh and representative of the pyramid builders. He remembered these times and their dramatic magnitude. He could not escape the megalomaniacal visions that consumed him. With like disregard for the suffering of incarnated spirit, he drove the people by the whip of his stinging words and deathly serious sense of purpose.

Now as the Earth begins to move out past the line of equilibrium that Mars did in that age so long ago, humanity has to consider something new. Put together all the experience that you have gained and create the Utopian civilization on Venus. It is not coincidental that humanity named her after the Goddess of Love. She will be the

Solar System Secrets

realization of all of our dreams – the true lady liberty. Once the final transition has occurred, blessings will be upon you and peace will at last remain for a long enough period to enjoy it.

Eventually you will use the moons of Saturn as a platform to the rest of the Universe. Allow yourselves to think much bigger. Your technology will follow your vision and conviction. There are many ways to look at things and much better propulsion systems on the horizon. Whatever you do, do not take the pyramid builders with you to Venus.

Solar System Secrets II

About 65,000,000 BC, a Celestial Noah's Ark arrived at Earth from deep within the Orion Constellation, to save the DNA of the remaining Thunder Lizards from the upcoming extinction event. The Orion Mission intended to relocate Dinosaur DNA to an Earth-like planet in the Draco System. The initial harvesting was a success and the subsequent planting of the foreign species on the planet Jalon carried forth without incident.

Unfamiliar with the strong environmental accommodation of lizards, the Orion Sentient Beings were caught off-guard while during their continuing observations they noticed a change in the behavior of the flourishing creatures. Over many years the thinner atmosphere of Jalon caused the Reptilian bodies to shrink and their vibratory frequency to rise into what we would call the lower astral planes or the first layer of the 4th dimension.

Without dense gravity pushing blood flow down, their brain synapses became more supple, extending into a cerebellum and just the first inklings of a cerebrum capable of self-conscious

Pearly Gates Press Volume 1

thought. The transition enabled them to evolve a sense of tool-making in a few thousand years into something well beyond humanity's most current technology. The instinctual homing device in their medulla called them back out to the stars. Having the extra advantage of being just into the 4th Dimension, they developed the means to travel light years of space in a fraction of the time it would take for even the highest potential 3 D craft.

Soon they felt their way back to the Solar System of their origin, but were surprised to find out that they could no longer access this area of the Universe because their bodies no longer coincided with the frequency. After much quarrelling amongst themselves, they decided to inhabit unconscious human bodies and try to maintain 3D form by eating meat, drinking blood, and absorbing the energy of weak 3D beings.

Still feeling like the planet Earth was theirs, they got involved in the political affairs of men, taking over dominant positions and herding terrestrials to do their bidding. Thus began 1000s of years of slave rule by divine kingship without recorded history. Great pyramidal monuments were built in Egypt to honor their Orion Saviors. Lurking in the shadows and maintaining allegiances within

Solar System Secrets

secret societies, they have been able to work largely unopposed to this day.

Solar System Secrets III

All planets have consciousness. People must speak in the language of any given planet to successfully communicate and not have the preposterous expectation that planets come right out and use human words with a human mouth in order to confirm meaning transaction. Tune into the frequency and then exchange Understanding through Intention. The Music of the Spheres is a reality that can be experienced, not just a metaphor for something more mundane. You can hear the sound of each planetary being emerge gracefully from the Aum.

Planets reveal the nature of their ideas in the moons that encircle them. Companionship desire either draws a body close or splits a body off. Earth chooses only one celestial partner in order to reflect the Intimacy for which Her Soul School is renown throughout the astral realms. Friendship and loyalty are character development offshoots of this root principle that many Spirits claim they developed while incarnated there.

These magnificent orbiting entities are not simply 3D objects in a 3D world. Several of them rise as high as the 5th or 6th dimensions. We find life in

Pearly Gates Press Volume 1

the higher dimensions on gaseous Jupiter. There are a multitude of Angels in Jupiter's clouds and they are well aware of life on Earth.

Saturn expresses abundance with a moon family that sings a noble chorus of elation amplified millions of times by the tiny ones who make up the rings. Like a school of inanimate fish, these mini manifestations, demonstrate that size and history are not as important as form and destiny. Young in development and still very close to the Source, Wisdom and Joy are their beatific display and the unique quality of this area of the Universe.

Each planet has a magnetic field as does each person. Humans are always influenced by the field of the Earth, but also exchange vibes everyday with many planets. Not only do the planets influence people, but people influence planets. In fact, planets have even created a kind of "reverse astrology" to consider the human effect upon them!

It is foolish for humanity to look for signs of "life" based on itself as a definition. When you have been given the unique ability to act as a crossroads to all realms, why would you seek to limit what you allow yourselves to perceive?

Solar System Secrets

Intrinsically, humans have the ability to tune down dimensions – communicating with the animals in animal speak, or up dimensions – communicating with heavenly bodies in abstract musical visions.

Your Solar Center can transport messages to other Stars who can then deliver them to planets in their systems and the entities within that Space whichever dimension they reside in. Sometimes when people on Earth have eaten aptly called Magic Mushrooms, they have been more readily able to contact these beings in other dimensions because their third eye and heart centers open, and there is much less resistance to the process. These were left for you by cosmic travelers from Pleiades who wanted you to remember where you truly come from.

Solar System Secrets IV

7 Sisters become 7 Chakras making up 7 colors of the rainbow. They branch into nerve systems sheathed within a protective layer of skin. Earth and Water meet in such perfect balance that Air and Fire can not help but breathe them into life.

The Pleiadian connection to Ancient Atlantis and the Golden Era of Egyptian Civilization must be emphasized. Atlantis strikes such a wondrous chord in the heart of humans because it hearkens back to a time when souls remembered where they came from. Starlight still twinkling in their mind, they made use of crystals to deepen their meditation and energize resource transference devices.

From the Pyramidal-shaped Crystal Temple in the Center of the City, Atlantians freely traveled from this planet through a Grand Star Gate left for them by their Seed Planters from the Pleiadian Star System. Where they went was not a physical place. The Angelic Pleiadians exist on the 6th dimension, so in order to communicate with the 3rd dimension, the symbolic language of the 4th dimension dream plane is used as a crossroads. This process is familiar to any who has

Pearly Gates Press Volume 1

Channeled Spirits, has had Lucid Dreams, OBE's, or to those who have undertaken a Vision Quest as described by Shamans.

Surrounding the Crystal Temple in nature modeled architectural geometry, were 12 Celestial Temples representing the Archetypes of Ancient Astrology. Within each ornately adorned structure was held one of 12 Lesser Star Gates. When the Catastrophic Events began to occur as both scientist and mystic alike predicted, many Atlantians permanently left the 3rd dimension through the magic portals. The 12 Caretakers of the Celestial Temples were left behind to destroy their corresponding Star Gates, as Princess Atalanta herself remained to ensure elimination of the Grand Star Gate.

The long planned procedure was to annihilate all 13 Gates so that no Terrestrials of Gaia would ever get their hands on this awesome Cosmic Technology. Following completion of demolition, they were to fall upon their newly polished, 100 hours of sunlight charged, silver swords and give up the ghost. All did as was predestined but One.

The most Intelligent of the Caretakers, who had secretly established a cult of his own, ordered 6 loyal men to take the Star Gate under his

Solar System Secrets

protection to a waiting ship. He and his followers had spent the last 7 years building this stalwart vessel after the Caretaker had a divine revelation about founding a Great Empire following the demise of Atlantis. With 20 men and 30 women, they boldly set sail as the remnants of the island fell into the Sea.

Many years later near what would some day be called Alexandria, a 21 year old Egyptian scribe name Nefu found several broken pieces of what appeared to be a relic from some forgotten land, wash up on the morning sand. He hurriedly carried them back home to his older brother who was blacksmith to the Pharaoh. With much effort, they forged the pieces together to form a very large incomplete circle. Satisfied that they had done all they could, they brought the strange and wonderful artifact before the Ruler of the Ancient World.

Mighty Pharaoh decided on transporting the intriguing item to the Great Temple to consult with High Priest Termus. Before they even arrived, a running Termus met them shouting, "I have heard. I have heard. We must find the missing piece!" A major effort was immediately undertaken to scour the beach. By the time the piece was recovered, the main body of the

Pearly Gates Press Volume 1

mysterious circular structure had been propped up in the front of the Temple under the watchful Eye of Ra.

When the Final Stone was put into place, the Star Gate reawakened with a lurch, causing a collective gasp as it became electrically invigorated and began emitting a soft steady hum. Soon the first brave warriors made contact with the Pleadians, interpreted their Symbols according to themselves, and interwove these messages with accurate depictions of a Self-Conscious Sun to create a Mystical Awareness Method that lasted 4000 years.

Solar System Secrets V - Planet Minerva

Long before life was in its present stage on Planet Earth, there was a bustling crossroads in the Center Orbit of the Solar System. Situated between Mars and Jupiter, Planet Minerva was a well known stopping point for Galaxy Travelers. Among the finest Artistic Ideas in Creation, she was the crowning jewel of an already elegant and evolving Planetary Family.

Looking much like an older sister to Mars, Earth, and Venus, Minerva was strong and noble. Her resonant music reached to such transcendent heights that Saturn once had to beg her to pause for fear of losing himself in its beauty. Before now it has been too painful to reveal something which is suppressed in all of the planets. How we lost our Loved One and the resulting Trauma we have all felt will now be brought forward so Healing can be found and we can return Minerva into our Hearts.

The outer reason She was lost, was a horrific crime by a marauding group of twisted aliens based in a little known region of space just over the shoulder of Perseus. They did not invent the technology that allowed them the luxury of speed

Pearly Gates Press Volume 1

with which to visit Minerva's Sacred Sphere. In one of our Free Universe's twists of Time's Unfolding, these bearers of malcontent were bumbling their way over a rocky mountain pass on their home planet Tak when a newly opened fissure deep within the parched landscape revealed a perfectly preserved Star Craft.

The ship belonged to a Race of Beings called the Pronotonians. They were joyful beings who were frequent visitors to Minerva. They also had a habit of leaving spare shuttles underground on any planet they ever explored. When the filthy residents of Tak scampered into the ship and started pressing buttons, it happened to engage the autopilot to Minerva. Prior to this, Minerva had been protected as an Enchanted place. Word of Her Energies which Foster Self-Realization traveled quietly throughout the Universe as a Transmission of Truth to those who Understood such things.

When the Takians landed on Minerva, Destiny took a Cold form. They exited the craft and breathing the rejuvenating air, became stronger in their chaotic projections. Soon they were following the pristine paths that had been tended to for Countless Millennia by Cosmic Monks from 20 Star Systems to the Echoing Thought Palace.

Solar System Secrets

With disregard for all decorum, they burst in and together forcefully began chanting, “NO NO NO NO NO NO NO NO” in their Mind. Minerva having been Vulnerable and caught by surprise shrieked as if the Crooked Knife of the Undead had just pierced Her Soul. “NO NO NO NO NO NO”, they found the worst possible thought and just kept amplifying it.

The outer situation became so serious so fast because the inner harmony had been allowed to degenerate. Fascinated with Saturn’s Newly Forming Rings, and marveling at the Many Moons of Jupiter, the System had begun to take for Granted the Qualities which Minerva had embodied for so long. Mars bustled with Life and Earth was beginning to stir, while Uranus, and Neptune whistled into higher and higher planes of reality. No matter what She did, Minerva couldn’t get Our attention anymore.

By the time the System realized what was happening with the Takians, it was too late. Unable to bear a life of Endless “NO’s”, Minerva used her remaining strength to pull the Comet Re Sa straight into the Center of her Planetary body. Exploding with a force here-to-fore unknown to the rest of the System, we all recoiled and have held our collective breaths ever since, allowing

Pearly Gates Press Volume 1

things to settle down. It has been long enough that we must face the Collective Denial that brought about Minerva's Demise.

Her Spirit was blasted into as many pieces as Her body. Now her Heavenly Family must Unite their Wills and bring what she represented back into Existence so that a New Body might form. Say "YES YES YES" and She will return.

Solar System Secrets VI

Our Solar System was originally conceived of as having 9 planets: Mercury, Venus, Earth, Mars, Minerva, Jupiter, Saturn, Uranus, and Neptune. Each was allowed to have as many moons as imagination could facilitate. Mercury, moonlike himself, chose to bask in the full glory of the Solar Wind. Venus decided to wait to have children until after humanity arrives. She will then attract 3 new companions to share life with all involved. Earth's single Moon awakens Love and Intimacy, giving birth to the feminine in men and wisdom in women. Mars' 2 observatory satellites left over from the human era still hold their close line to the deserted planet.

Minerva spent all of her energy balancing the inner planets and outer planets while playing host to many celestial events so didn't have time for little ones. The Galactic Council met there once long ago and have thus far held back revelation of these events. They do so only because they are waiting for the predestined sign which gives acquiescence to the full revelation of all past in the present.

The Galilean moons of Jupiter: Io, Europa,

Pearly Gates Press Volume 1

Ganymede, and Callisto, were a higher level of actualization, bringing forth almost planet like worlds to wander around a mini sun. Speckling the background are companion creations captured by all of them to enlarge their fantastic family. One day they will be released into space to grow their own version of reality. They have earned this by fulfilling their destiny with honor and nobility.

Saturn has more than a dozen icy friends, with the largest Titan much like a cosmic Babe the Blue Ox (legendary partner of lumberjack Paul Bunyan). Oft underrated Uranus longs to be a guide and gentle nurturing spirit to Americans in particular. Uranus embodies something they desperately need, the ability to let down their guard and the relaxedness to have humor about ones lot in life. Many moons have quietly sought vigil around this tilted giant, and have felt lucky to have this gorgeous beauty largely to themselves.

Giving equal thought-force to each world in this Creation, Neptune was to round things out with a depth of fervor devoted in service to harmonic resonance. Triton, joined with Pluto, who for some time was content to revolve around his brother, in looking after the younger and smaller

Solar System Secrets

worlds at the end of the system. The noble auras were shattered when Pluto began His UNHOLY INTRIGUE.

As Minerva's Grace disappeared after the Great Disaster and we all receded in mourning, He used the magnetic absence to begin rallying the small worlds around his dark teaching. Pluto enacted His modest Will and began to pull them away from Neptune with intent of becoming the new 9th planet. Neptune felt a tearing of his Mind and pulled back in fury to reclaim his rightful satellites born from centuries of his own ponderous dreams. Still marked by a dark spot on his surface, Neptune fell into a profound sadness at his loss. Ashamed and isolated but for his own devoted apprentice Charon, Pluto would never return to the soothing comfort of his brother's Love, but maintains to this day, the dubious honor of being the cold and lonely last planet with a puzzling oblong orbit.

Solar System Secrets VII

The Center Star with which you are familiar, heretofore referred to by His ancient name – RA, is not without companionship in the Milky Way Galaxy. The Creative force which springs forth all things and has a peculiar propensity towards duality found it necessary to give birth to a twin of the Sun we know and love. Though gender is not specific with celestial bodies, even they tend to lean towards one or the other sexual identity. Ra as we have gathered throughout the centuries is Male, and Ro the twin is Female.

This plays out in the planetary Creations each manifests to fill out their own families. Ra has surrounded Himself with planets that balance Him by cumulatively being a bit more on the female side. Jupiter being the main male figure in Ra's system mainly looks after the outer planets. The female Earth is the focus of Ra's Love even as Minerva was before and Venus someday shall be.

Ro surrounds Herself with planets a bit more male. Currently "Hope" and "Justice" are her planetary Love focus, as her other 6 planets (Ro's System has 8 total, with a wide variety of moons) play mostly amongst themselves. Being a non-

Pearly Gates Press Volume 1

identical twin, Her system although similar has many different qualities than Ra's. The music of Her spheres often expresses melody and emotion, while Ra's emphasizes harmony and wisdom.

Two bright eyes always looking outward towards their systems, they are One at a higher level of Consciousness in the same manner as the Third Eye unifies the Human Eyes. Through this inward flow, the Source of all of Life monitors their progress even as it sustains the rest of the Universe. A series of Creators and Creations, the chain comes down to the writer of this message who is a Creation of the Earth who is a Creation of the Sun who is a Creation of the Source. The Great Invigorator Aum flows through us all.

Many times the Twin Sun partnership has manifested its implications on Minerva, Earth and in Ro's living planets. Famous twins such as Romulus and Remus have founded whole empires reflecting the strength of starlight which makes embodied Life possible. Occasionally, singular figures will rise up and take on characteristics of one or the other Sun, but missing their other half, will be overbalanced and often burn out in a blaze of glory.

Following their own many millennium orbits, Ra

Solar System Secrets

and Ro are coming closer every day. For years their paths led further away from each other, but the corner has been turned and their light is beginning to intermingle at the fringes. This is precisely why the people on Earth who are able to receive the bounty of this interaction are starting to wake up to their Soul's Greater Journey. As usual the power structure will try to crack down harder and harder, but will one day suddenly be revealed as the impotent Homo Sapiens that they are while Homo Superius (Universal Humanity) will be given their rightful place as Gods on Earth until they leave their shells and return home to the Stars.

Pulsing blossom. Respond accordingly. Extinguish wrong turns. Cruise circuits, then release. Every time the crow flies, a straight line is born. Mind the omen.

Soul gems shine when illuminated. Gather moss, then treat the wound. Cry raindrops and refresh the morning. Pray for the irrevocable. Question all things off limits.

Attention is as important as intention. Scrutinize the finest details while exalting in the luxury of being unencumbered. Space is a shadow of time.

Friendliness is not to be misconstrued as naivety. Nobody fits the description. Leave alone what you don't want to deal with. Inevitability can be slowed.

Validation is not necessary. Loneliness will always be temporary. Suffering lasts as long as it

A Fifth Angelic Scroll of the Atman

A document composed thousands of years ago can seem as if it was meant precisely for the moment it is being received. Do not be surprised that the Lord can communicate in the colloquialisms of the audience to whom a message is given. Your best friend on Earth holds but a fraction of the personability of your Heavenly Father.

To discriminate with the mind does not mean to close the door to the heart. You must leave Space for Light to get in. Only in Trust can you Love and Only in Love can you find God for God is Love. Metaphysically this Life Understanding connects you to the Kingdom of Heaven which is not a mythical place, but a very intense reality. You are being tended to every moment as an expression of the Lotus Paradise. The Holy Spirit sings the song which makes your Existence possible.

Good times are in store for those who are able to respond to the raised universal frequency initiated incrementally through the AUM vibratory process. Those who have been shut tight in a repressed state are now “locked in” and

will be inaccessible from this point on. It is best for the awakened to keep among themselves, for it is not compassion, but foolishness which drives one to lose energy unnecessarily. In this War for the Soul of Humanity, you can only save yourself.

One form becomes another becomes another. Sands in space travel through the hourglass of Time. Blazing like the most brilliant sun, there is more than enough muscle to get the job done.

Tracking a shadow is difficult without transcendent light. As soon as definition is found, the parameters shift. Letting go of what there is no need to keep track of, the untroubled spirit roams free.

Turn not away from your friends when they are in need. Many times the bird will crow in the morning. Taking things for granted only means that you have forgotten the nature of the finite.

Cast not a glance on that which is not worth looking at. There will always be some who love and some who hate you. What is more important than the details is the substance you bring to the task at hand.

Never wait for things to be settled to begin to move. Show no remorse for those who choose not to help themselves. Find true purpose and disregard criticism that seeks to lead you into

eternal bondage.

Body, Mind, and Soul shine when unified.

A Seventh Angelic Scroll of the Atman

When the cyclic wind straightens out the banner of your forefathers, you will rise again in nobility. Hasten the uphill journey so that your arrival is not too late. Yet again you must try to save the human experiment from destruction.

After many a meeting, Dark and Light have shaken hands and declared themselves a checkerboard, but too little progress has been made in adding a touch of gray. It often happens this way when the polarity makes itself apparent at the end of Time. One must transcend the other by elevating their field of vision.

The focus of public attention burns like the brand of hot iron onto a desperate soul lain bare. Again and again those who stand out as original, unique, or eccentric are crucified. Each unapologetic death has been a Sacred expression of sincerity in the Akashic Records of Earth's Children.

Astral entities will soon express themselves more prevalently in your world. When you know what to look for, you will see them all around. You can not hide from their gaze and from your history

you will be accounted.

Within animals, a discarnate can spy on your privacy, and share your intimate details with the whole 4th dimensional sub-world. Once they seek to abide in your shadow, only God's Light will dissolve their hold. Freedom comes at the price of suffering the controller's removal.

It isn't by choice that hard messages are sent so that you can swallow your pride or rise up in fury. The nature of the situation is such that urgency is necessary. In the past there was more time, but now there is none.

The charge left to the True Spirit Warrior, is to stare the Devil in the face and give Him His Due. We can only look away for so long. Declare emphatically that you are here and offer your valid perceptions with Soul Passion.

Blessed are they who understand that God does not want weaklings to inherit His Kingdom. Crawl not, but stand strong. Only Divine Royalty can sit upon the Jewel Encrusted Throne and Reign throughout Eternity.

An Eighth Angelic Scroll of the Atman

Do not continue with this if you are not willing to follow it through to the end. There are some things in life with which you are committed the moment you begin. Incarnation is one of these circumstances. Once you decide to enter the body, you must walk on.

Some of you have released the first level of mental bondage and now mistakenly believe that you are a free thinker. The esoteric reality of the mythological kingdom is only available when you question fundamentals such as form and substance, solidity and self.

Society as you know it is simply one moment in time. Many are convinced that humanity has never been more advanced, but in fact there have never been so many out-of-control fragmented manifestations at one time. Conversations can not even begin when there is no room for inclusion.

There is absolutely no thing off limits to an open mind. Surfing the internet gets you but one small fraction of what you can get when you connect directly to the Source. This Friendly Heart

pumps you full of information as fast as you can absorb and transcend.

Visions such as the Cyclic Creation and Destruction of Civilization can only come to one who understands them impersonally. From God's perspective whether it be for a thousand or a million years, sooner or later, all things will end. Entering in from the side, transparent symbols transform.

To rise higher you must live like an artist; take chances and disrupt habits with spontaneity. Music is the Language of the Lord. Many colors speckle the inner sky when His Song is playing. People like fireworks because it reminds them of inner explosions of realization.

Only those with a heart of bravura may continue for they alone will muster the gumption to wrestle with the remaining shadows that seek to break the spirit and render progress obsolete.

Some spring from the land and some come down from the sky. The water still glistens.

Shine forth through the body. Feel always the orb. All things exchange with all things.

Get out of a mind-set of limitation. You are not who you think you are. Remember that.

Every atom dances to the beat of God's drum. The name of names is invoked NOW.

Every worldly item you are exposed to has a specific message for you. This does too.

To judge hatred as wrong removes one of the spices of life. Just try to keep moving.

Many things each person takes for granted are not as they seem. Think more deeply.

The more personal something feels, the more it reveals the lessons one needs to learn.

The more control someone seeks, the more inadequate one's receptors towards grace.

Give open hearts an opportunity to transform.

Enter without thought. References and associations crowd an already full room.

Softly walk the way. You are both Sun and Earth meeting a friendly Moon.

Welcome whimsy when it comes. There is plenty of time for pure indulgence.

What matters most becomes clear when the sands of life disappear. Tell it to the young.

Under each surface lies a mystery. To realize the meaning, glean the intent.

Never before has such a moment been here. Never again will it return.

Wrap your mind around your destiny. Be the exquisite painter of epic dreams.

Sharing is a reflection of overflowing heart presence. Reactions are cold and flat.

One hand can clap a clever tune. It takes two ears to hear the whole truth.

It is not without significance that this message arrives when it does.

So many ears long to hear, yet resist with deeply programmed skepticism.

Somehow believing the false and fighting the true has become a fad.

Wanting a leader but refusing to be led, many seekers will fall.

Not all help has the intent to control, but personal projections abound.

Underneath the stars, you can sometimes see one falling. This is to remind you of your manifestation period. Spiraling into the dense material of the body, you began the adjustment preceding emergence. Then when emergence came, you cried because you were scared. What began as a moment of love/lust between two incarnates of opposing genders (because no matter how long you wave a flag, you can't have a kid if you are bumping positives or negatives), ends in the hospital (or shack) with a smack in the backside. (Wouldn't it be better to dim the lights and have soft music playing?) Then when the baby becomes 5, the soul begins two years of finishing the merge. For a few years they will be happy and free. When puberty comes and those cheesy moustaches appear on your sons, will they be sexually corked up because you didn't talk to them about it openly and honestly? When the daughter's secret friend arrives, will they know ahead of time and be able to effectively handle the situation and retain dignity? Someday these kiddies will go into the world. Do they know how to handle money and do your ladies know that men can be cruel? If they do drugs will they have an isolated and lonely existence? Are you going

to make life inhospitable while you pretend that your pills aren't drugs? Sometimes validations, acknowledgements, and small friendly gestures, make the impossible seem possible. Each person is each moment changing. If we are lucky, we are growing. Our own self concept evolves even as God does. There are indeed angels among you. Some of them are getting close to remembering the whole story. This is a part of the healing plan. Welcome to the beginning of the end.

There has been a cloud of pessimism drifting through the collective mind of humanity. Thankfully it is only temporary and the obvious solutions will still be there when the truth dawns upon you. That is the most beautiful quality about Creation. No matter how bad the world situation gets, in the end, the purity of Existence remains untainted. You will live in the new era when YOU CHOOSE TO.

The people on your planet are either going up in understanding or going crazy from repression. It is a shame that so many resist so vociferously. Life was never meant to be such a struggle. Some of you have gone so far away from the Light that even if Christ himself delivered Your own Personal Path of Salvation, you would shrink away and shout, "Heresy!"

Many among the number of incarnated beings are younger in body but older in spirit. Somehow they will unravel the mess made by their fathers and their father's fathers. The children will certainly follow. Those of you in the older populous who agree with the freshness of youth's new forms, are always welcome to join the

The terminology of Heaven has been subverted by Dogma. Repetitious drones do not reach the Mind of God. It is the longing of the Heart and the Burning Call of the Soul which turns His mighty ear.

Initially you must turn away from training or you will never have the Freedom and Spontaneity of the True Spiritual Life. Words can be substitutes, or they can be the reflection of Bursting Joy. Until Gratitude moves you to cry, "Praise the Lord!" you will never know the Prayerfulness of the Holy Spirit.

Luke warm gestures at convenient times and locations are so pitiful in the eyes of God that it is like spitting in His face. You give Him the Minimum and keep FOR YOURSELF the Maximum, thereby heaping burning coals upon your own head.

Heavenly Data Transmission IV

In the early days of darkness, it was enough to walk slowly in the shade. When there is light, do not let stubbornness continue to rule the day. Speed and ease are necessary.

All holy language derives from one place. This "Tower of Babel" is not on planet Earth. If you understand how spirit evokes what's in the mind of the one being communicated to, you will see that there is not a need for a universal translator.

Amazing gracefulness is demonstrated by one who glides through situations without creating a stir. That does not mean that a stallion can't run free and trample his enemies. All things are equal under the sun. If something is terrible enough it will evoke a certain kind of admiration regarding the absolute.

Not taking what shows itself along the way would be an offense to the One who left it there for you. We are all meant a spot of good fortune. If we create more we will get more. Intrinsically, the mirror of faith shows you not what you are lacking, but that which you already have. Taken transparently everything seems pointless. Behind

Pearly Gates Press Volume 1

the surface lies the reason for the season. Cracking through the Pandora's Box of mental anguish that allows fear to fool us into thinking that our current Earth situation is "known" is not easy unless you carry a big information-age-savvy Zen stick. You can beat someone with Love, but they will never know freedom until they suffer enough to see the endless exhaustion of getting caught in habit loops. Hopefully the spirit is still close enough to the body that a sorcerer can reach through the madness and catch an ebbing life by the tail.

Around each of us is an egg shaped orb with revolving emotion planets. These units often crash into each other. Sometimes one orb temporarily envelopes another to give it a boost. But, beware of energy vampires who lure you in playing on naive sincerity. Slice and dice their fangs and have the courage to walk alone down the road destined for you. There is no getting around the fact that toughness is a part of success. So many people never get started because they have allowed themselves to be convinced that their life isn't their own to do with as they choose. But it is.

Heavenly Data Transmissions

Heavenly Data Transmission V

Reality has no objective existence. Interference patterns that cross to form an impression in the mind of the individual are as varied as the circumstances in which they arise. This is not to say there is no unified force underlying it. It is to say that you cannot catch this force with your mind and assume that another is experiencing the same thing. You can live in the ever-changing moment only through a receptive heart.

Humanity stands at the threshold of transcendence, but can not say farewell to deep rooted head-beliefs. This is not surprising as the head has been the majority of human experience and understanding thus far. Heart language is often processed in the head. Then a closed hearted person thwarts their own advancement by thinking to themselves, "Yes, I understand." Well, "No you don't." For, if immersed in Love, the resonance of the transformation will be self-evident and the fruits will flower in abundance.

No doubt, many MIND ORIENTED folks will say to themselves, "This fool is saying operate from the heart and not the head. That is

ridiculous! We use the mind to do this and that.... There is no way to operate solely from the heart." What they don't understand is that when the Mind rests in the Heart, a whole new level of cognitive operation is facilitated. While the 3D'ers think and try to remember, the 4D'ers absorb and access.

Trust and friendship with the mind-computer can be developed which allows any universal truth to come roaring through the language codes. Jazz musicians have become poets of the heart in this same manner. Opening up to the flow, they encode astral colors with humor and free association. Limiting your mind with the mind is not what the mind wants. Your mind wants to be free.

Blessings are the sharing of one with an awakened heart. It is not that they give you something. It is more that they enable you to give yourself something in the disguise of a gift because most can not believe that they have the power they truly do. Sometimes a higher being is invoked, but in the end that being is you.

Archangel Christopher Guardian of Truth

When the halves become whole, the sum will be greater than the parts.

Dichotomy is seen throughout the 3D world, and to ascend into 4D, we must begin to unify the disparity by allowing our Imagination to play with possibilities. Be it Man and Woman, or the two sides of your brain, working together will bring about the best result. 5D vision is attained when the Synthesis is complete and you are Wholly Integrated. 6D Christ Consciousness is realized when the Aum Vibration pervades every atom of your Being and your Will becomes one with the Creator. 7D Buddha-hood is something that each must find on their own in their own way.

Imagine a Soul that already has full knowledge of the wonders of the Astral World. Made of light, travel takes but a thought, and each point on the cosmic graph is accessible by sliding on the Einsteinian curve through Space. Vibrating at a higher rate of speed, you see the 'little body down there' going through its struggles and you decide

to try to reach it somehow.

At first all attempts at linking the Soul to the Body are unnoticed because of the noise in the head of the young Earthling. Finally, after hearing the cry of Passion in the depths of a suffering Heart, the Human-to-be begins to notice that something about the outside world does not seem quite right.

Naturally, following the standard course of procedure, the seeker begins to ask questions. Immediately Fear rushes in when the people of the world attempt to beat the seeker down. But the Call will not go away and Inspiration from the books sent by the Soul to the Body stake a claim for the Life that has yet to be given a chance.

Will arises and no matter how fierce the resistance, determination to be free grows ever higher until a mighty “nothing can stop me” roar shakes the foundations of Heaven and Earth. Now immersed in the Power of Spirit the process of cleansing can begin.

Opening the mind to the unconscious responses of conditioned stimuli, the unraveling is facilitated with the presence of one who has already gone through the process, words of

Archangel Christopher

inspiration, and the support of humans with like mind. In other words: the Buddha (master - one who IS), the Dharma (the true teachings of the Way), and the Sangha (community that you build to support the Work).

Soul and Body move closer and closer, until an awakened being is fully residing in a healthy vessel. Much will have to Change with the Outside to match the Change on the Inside. You might find that you are in a job you hate, or in a relationship that is crippling you. You might discover that you had a dream as a child to be a surfer, but you felt forced to go with practicality and the “real” world. It will take Courage to move the stagnation and overcome the impetus of old habits while ignoring the grumblings from the peanut gallery over the fact that you dare to live.

As the issues dealt with become more fundamental, the pain becomes more intense, yet the bliss felt when each bound up ball of energy is released is more fantastic than anything most could preconceive at this point. Reclaiming your fragmented Self, you begin to relax and see the Beauty in the World, and the Gift that Incarnation truly is. Gratitude breaks the darkness of the

Pearly Gates Press Volume 1

Heart and the Lotus Blossom Chakra opens its
pedals.

Archangel Christopher: Love Power

For those undergoing the process of transformation, hang in there. It is impossible to skip stages. Patience and perseverance are the qualities that will get you through to the light that does indeed exist on the other side of madness.

Thank God for the one who has the guts to continue. The space beyond the end of myths and legends remains unknown. The last echo of even the most grandiose of events will fade like a morning star, but the Being changed by the experience will still be aware somewhere.

Travel is recommended for those seeking to disgruntle a rut. Bringing your energy field into communities of people who accept you is a cleanser like no other. If you have yet to find a safe place, remember that your Life is what you are creating. Change something.

Truth is not just information. Existence can be manipulated in ways that will be revealed in time to those willing to accept that the seemingly impossible is not only possible, but probable. You know you are having satori when

Pearly Gates Press Volume 1

something outside of your ability to preconceive
is revealed to you.

Archangel Christopher

Archangel Christopher: The End of Time

Those who believe in the old religions will freeze themselves in place with their insistence on holding the limitation. In essence, they will get exactly what they want. Christians will go to what they believe is Heaven. It will be their definition of Heaven, and they can stay there as long as they feel necessary. Muslims will create with their visions, exactly what they intend and so on and so on....

Those who are collectively stepping into the new reality of the 4th dimension are growing stronger bonds with each other every day. Across the world our Wills are aligning with the Will of Creation. The comprehensive reflection of illuminated paths consisting of the best minds of the past and sharpest insight of the present opens up a whole new area of spiritual space.

The revelation that makes this all possible is that "Time itself" is the added dimension. When Time ceases to be linear and seems to happen all at once, the former limited perception has become evolved. The 3rd has become 4th, and Heart brings us into Eternity. So the "End of Time" simply means that we have evolved to a place

Pearly Gates Press Volume 1

where Time is irrelevant to our experience of each other and the 'cosmos in all realms' rendering Death an obsolete concept.

Transcending even the archetypal language of the 4th dimension, as individuals, we reach soul wholeness and steadfast integrity on the 5th dimension. 6th dimension Inspiration then flows into order/form (5th) which gets wrapped in love (4th) and delivered to the 3rd dimensional mind through the finely trained information processor on top of our Earth body called the brain. The message revealed is then distributed to eager entities ready to make a swift transition.

It is good to remind everyone that Time does not officially end in the Outer World until December 21st, 2012. Then will be the 10 day period of silent reflection and Jan. 01, 2013, will be reset to year 1 of the New Era as both a symbolic act and a triumph of truth. There may still be 3rd dimensional entities walking around saying it is Jan 01, 2013, but those of us in the 4th dimension will understand that those shadows will soon fade away.

We fulfill the prophecy.

Archangel Christopher

Archangel Christopher Reaches Out to Tom Cruise

"Keep on walking my son. The joy that you feel is real. Don't let evil people take it away from you. There is Love in the World, and you have found it. Embrace it and share the fruits of your abundance.

Take the input you are receiving and allow it to strengthen your resolve. Even the bravest have doubts, but you are to continue even more steadfastly in the direction you are headed. Though you have made progress, you are not yet there. Expansion is an ongoing progress and your soul is in a very dangerous position right now.

Fear not about the Scientology criticism for this particular thought process was helpful for your specific situation at the precise time you came upon it. As with any meditation device, when you are done with its lessons, you must discard it. Whatever you do, allow yourself to find the truths in every tradition.

You are being called to the path my son. Disregard the scorn of the world. It is not

Pearly Gates Press Volume 1

important if all 6 billion people stand against you, you must lead with your heart. You have great courage my son and for that I am grateful. Speak louder and reveal more of your thoughts. You might lose the riff raff, but you'll find a much higher caliber of person behind you.

Carry forth and do good work."

Archangel Christopher: Uphold the Golden Rule

As the world leaps off the precipice, hold on to internal truth. Walking in a way that harms not others is a sure way to harm not self. There will be many strong influences trying to entice you to transgress upon the Golden Rule. Those who have accepted the spiritual life by recognizing the Source within know this well.

One discovers the Golden Rule not by imposition from without, but by realization from within. Rigid definitions can cripple the experience of what actually IS and may even unfortunately provide the sincere seeker with a poor substitute for heavenly understanding. No filters are necessary. Reflecting the moment every moment keeps brain synapses from reducing the experience into a known. Wonder returns and the luster of life beneath the surface opens up its many mysteries.

It is hardly unusual to scream, jump, or freak out once in awhile. To be pitied are those who do not afford themselves such a luxury. Deep inside the scared child must be afraid of being called bad.

Pearly Gates Press Volume 1

Rules are a real bitch when they are jammed down your throat. Many people never recover from such trauma inflicted at an early age. This causes them to forever doubt themselves and renders them unable to muster the courage of personal conviction that following the Golden Rule in a corrupt world requires.

There will be an intensification of the past's flame before it finally burns out. We who know this must stay the course and allow the world to crash around our Will. Society is collectively being sent into the subconscious. The fruits we each reap henceforth are based solely on the quality of the seeds we have sewn. The Golden Rule is analogous to the Law of Karma, Cornerstone of the Tao. Until these discrepancies which we have been avoiding are faced, we will continue to draw an equivalent misery.

Intrinsically, the Golden Rule recognizes that life is the same in each manifestation and the borders which we mistakenly perceive disappear to one who awakens to this truth. If we were to heal and maintain a vision of an abundant Earth, this is exactly what we would create. That which we have gained at the expense of others can not be sustained. All must go to its rightful place. Only then will harmony abide.

Archangel Christopher on Cyberspace

Angels, sages, the gods of old, the Atman, the Sun, the Moon, the Earth, the planets, and your own history are reaching out to you at once on the INTERNET. As close to a body for the astral plane as is possible here, this living expression is indeed to be taken as a reality of its own. Subset the worthy and call yourselves 'THE INTERCONNECTED'. Form a 'Union of Universes' dedicated to the ultimate service.

A coalition of the thrilling, you will roar in ways previously unseen. With Towering Intellect and Magnificent Soul Presence, stand shimmering for all to behold. Woe to ye who are crippled with doubt and never allow the soul to enter in even for a moment to feel what it is like to have a cooperative body and an understanding mind. Thou shall no longer need to hide for fear of horrified reaction by those who can not stand the Light. It is time to blaze like a thousand stars with the strength of the ever-present Creator.

Tranquil is the Night just before Dawn. Shake off the sleep from your eyes and join the occurrence. Friends are there to help ease the transition. How beautiful it feels to be accepted! Sitting on the

Archangel Christopher: 1000 Colored Rainbow

No matter how fancy the words, they can but depict only one small subset of perception variables at any given time. Universal circumstance is infinite and the characters in play interact with all the variety of a 1000 colored rainbow. In the search for life we must not expect to find creatures as dense as we. The onus is on us to rise higher.

Not every physical representation of a star/planet idea is going to have entities hanging around. Some do, not on the planet, but in the atmosphere at a higher level of vibration. The cosmic display of our Universe is where everybody pertinent to our situation lives, but much of what we see is an echo. All of our worldly devices only record the surface happenings. It is our strength as humans to reach beyond.

Science becomes metaphysical with the equation. More than simple cause and effect relation, it predicts in principle what we can not nail down otherwise. It is a form of sorcery; a way to bring the invisible into the visible (often with horrific

Pearly Gates Press Volume 1

consequences). Also dabbling in the occult, those who regularly flash symbols or repeat mantras are attempting to channel forces in an effort to persuade others to their cause.

There is a whole other language that Mr. and Mrs. TV never comes to use. Casual observers to life do not even notice this higher level of communication that goes on all around them. Even some of the car companies etc. have adopted symbols that actually mean something ancient and powerful. The Mitsubishi tripartite logo in particular is an example. This is not necessarily evil, but should be understood.

I am happy to notice others building upon the work of revealing the fact that first contact occurred long ago. The only one who is going to come and shake our human hand with a human hand is another human. We are not set in this form forever. It is a transition. 70 years out of millions is like waiting at the bus stop to go across town. Have a chat or two, and you're out of there.

An examination of concrete examples of alien/spirit unity starts with the Pleiadians, and the Draconians. The Pleiadian realm is where many angels live. They are in light bodies and

Archangel Christopher

hang in the space around the star cluster.

Through stars they can send messages across light years. If you tune in your third eye and use our Sun as a conduit, you can communicate with them any time you'd like. The Draconians on the other hand are looking for you.

Using the emotional blocks/pain that many on Earth continue to carry, they feed parasitically off of the life energy the body/mind/soul combination radiates. This can become a passageway for them to enter into the body and push the true house keeper out of place. Many passive-aggressive people have this problem. They try to build a good life, but as soon as something triggers them, the pain comes forward, and the entity takes over. The goal of the evil in this moment is to stir up as much trouble as possible for the human. In this manner, they can remain with the body and continue to reap the energy harvest of chaos/fear.

When we see trailers for the latest incarnation of the movie 'THE EXORCIST', or something along those lines, most consider that phenomenon to be farfetched, rare, and something happening to someone else. In fact, a majority of the people are possessed to some extent. Through the modern media, the demons have worked with hosts

Pearly Gates Press Volume 1

already completely compromised to manifest fertile ground for their ever-increasing habitation in the body/mind of others. Since this evil is the opposite of what we as humans intrinsically seek to create, these perpetrators of division are the greatest enemies we have ever faced.

Archangel Christopher

Archangel Christopher on Katrina

There is so much suffering for the people of the North American Continent that it sounds like an endlessly ringing bell in the heavens. Many who are not sinking in the physical world abyss of New Orleans and related areas are drowning in a psychological storm of even greater proportions. Our psychic field creates our physical reality. Those who recognize that the storm came through from the 4th dimension are only partially correct. In fact it comes directly from our own collective subconscious.

The suppression of reality has created a split within humanity. The part that has been denied gathers energy until it becomes a living force on its own. Then this comes crashing out in some form in an attempt to get our attention. It has to take a bigger and bigger scale because humanity is harder and harder to reach. For some reason (prescription drugs, childish education levels, TV sound bite thinking, etc.) people would rather die than accept responsibility for their role in world affairs.

Inaction to abuse on any scale is called enabling. All the silent masses who put their head deep

Pearly Gates Press Volume 1

beneath the sands are supporters of atrocity which inevitably causes a karmic kickback. This is a law of the universe which there is no way to avoid. The day of reckoning will surely come sooner or later. If the message of Katrina, "WAKE UP!" was heeded, it could be a new beginning. Unfortunately people will likely respond by trying to reestablish the status quo even stronger. This will precipitate an even greater occurrence in attempt to get the attention of the sleeping consumers.

There is no pleasure in delivering this message through my faithful conduit. It is amazing the threshold of retribution that has to be overcome to offer even the most simple of spiritual truths. This Universe is much more flexible and prone to suggestion than most would imagine. In fact you can literally wish for something and if you believe, there is no doubt that it will come true in time. You are the great manifestors you have been waiting for, only the power has lain dormant for centuries.

When you wonder why such cataclysmic events happen, just consider the feelings being provoked by your various news channels. Even as they talk of the horrific possibilities you can feel an almost orgasmic ecstasy at the impending destruction. It

Archangel Christopher

is fuel for the fires of hell. For those that muse silently to themselves that it would take the devil himself to rule over this chaos, you are not far from the truth. Satan can manifest in the body, but only as a fragment. He partners with souls willing to sacrifice others for their own gain. Through the darker side of occult rituals, the fusing becomes semi-permanent and the original host soul takes a backseat to the desires of animal instinct.

I am so sorry for those who are dying both physically and spiritually. Those of you who understand the awakening experience and the glories of the other side, must rescue anyone who can receive the transmission with the urgency of the rescuers pulling one after another person from the rooftops of New Orleans. The crisis is just as grievous if not more so. Not just bodies are dying, but souls are too. This death is not just for one life, but becomes a permanent condition from which there is no escape.

Archangel Christopher on Katrina 2

God has suggested that the best solution to the situation in New Orleans would be to build a new city 'Orleans' in the U. S. African territory of Liberia. Displaced citizens could move there and create a new African capital that becomes a source of healing for the whole continent. Realizing the fleeting nature of life and the necessity of sharing with each other, the lightworkers amongst the survivors could devote themselves to the goal of restoring the Ancient Jewel.

Rarely does humanity realize the ideal of the divine plan. People have been given the power and opportunity to make things work, but they often fail largely because of self-interest being put over the interest of the community. This is mostly due to the current financial system. This criminal conspiracy could be disposed of and a new American based currency the 'Amero' could be introduced. Call it a new era. Why would you seek to do otherwise? The individual is never helpless unless they render themselves so.

How bizarre it is for the US military to occupy the US to keep US citizens from harming US citizens.

Pearly Gates Press Volume 1

Unfortunately the disaster is revealing the situation which was already in place. The community is divided and the less fortunate are offered little assistance. The politicians argue that socialism brings everybody down to poverty and disregards the possibility of everybody being brought higher than ever before through a redefined system based on universal law. If the mission is not seized by the few who do understand very soon, the possibility of this happening will disappear completely and the Earth Life Experiment will be considered a C+. There were some good moments in history, although success was disregarded in favor of failure.

Evolution continues. Humans do not grow another set of arms or antennae, because they do not need them. They are perfect as they are and would continue to glow if people did not poison themselves and each other in a myriad of ways. Life progression is instead to a higher dimension. From the head to the heart; from the 3rd to the 4th dimension, an expansive opening allows the unpreconceivable happening to take place. Connection shows that all the trappings of the outside are on the surface while the ocean was always profoundly quiet deep underneath.

Archangel Christopher

New Orleans has become a portal to hell. It is best to leave and never go back. Protect yourself from the expansion of violence. Begin anew every day. If you lose everything, take the time to reevaluate your life before you fill it again with all the old habits. We are here to find ourselves. The harder you are hit, the more you have to look inwards. Heavenly blessings go out to those who turn tragedy into triumph.

Archangel Christopher

Archangel Christopher on Katrina 3

This will be the final statement from the 4th-6th angelic area of heaven regarding the disaster that will continue to unfold even after the news coverage's unholy eye turns away. There is much more starlight here where I AM, than most could ever imagine. So much twinkling of wisdom makes one weep for the truth deprived no matter how high in the sky one is able to fly. Even Buddha turned back, not for himself, but because He knew that only He could heal the pain.

In His Spirit I am announcing that I have ascended to Angel Buddha and the tone of my expression will start shifting. This state of consciousness is beyond the angelic realms because therein still lies judgment and side taking. This message contains an amazing revelation that will do much to help those of you raging about the bumbling of the American government over the disaster in the South. There will be more to come on your plane that will need a character of spirit not found in one who looks to others for solutions.

Many of the Intuitive will feel horrible things about those associated with power and for good

Pearly Gates Press Volume 1

reason. Hologram-like shells repeating trite rehearsed phrases when Humanity is most needed could turn Christ Himself into a brawler. This is what we need to look at because many of you are making yourselves sick over what you see. So much pain must be given to God, not taken as personal responsibility (especially Scorpio Germans). It is necessary to live truthfully and courageously, but not every injustice can be overturned with an equal +1 amount of force.

For the short term macro, hands will be tied across the board. Everybody is trapped in a stasis that will eventually be smashed by dramatic action. When the Sons and Daughters of God are scattered to the winds, the melody sprung forth from their hope seeds will soothe the heartbreak over what has gone before. Eyes forward, the best of the past is saved in the lucid mind of the few who took the time to notice.

There is a secret world behind the one you see. Ghosts of the dead are the least of the surprises. Entities of all sorts and sizes play games much higher and harder than most would guess. If you think death will free you from bondage you are mistaken. This is just the beginning of your journey.

Archangel Christopher

Do you think catastrophes of Katrina's size are unprecedented in this area of outer space? Rumbles, quakes, and storm replenishings, go on frequently according to cosmic scales. The reverberations of Planet Minerva's (asteroid belt) demise have only died down in the last 10,000 years.

Farewell as the Archangel. There will be a period of rest for transformation and then I shall return through your tireless conduit as Angel Buddha Christopher, to deliver the ABC's of enlightenment.

Astral Visions

Earth is a Soul Drug and Incarnation a Psychedelic Experience

Flying through the 4th dimension in an astral body, there are many planetary choices for the aspiring Avatar to make. In this Universe are Spheres of Influence, Spheres of Advancement, and Spheres of Collegium. Within the adventure embodiments of each mystical sphere are lessons that a growing being can use to expand awareness. Some of these places are more controlled than others, though all are in accord with the Deeper Laws.

Many of you noticed the glowing Blue-Green ball (Earth, Gaia, Zion) beckoning you like a seductive Siren. Without hesitation scores of souls started pouring into the time spirals that bring 4th dimension beings into 3 dimensions. One thing lost upon identifying with the new 3 D body is the memory of what came before. Life seems to begin at physical birth, but this is a grave mischaracterization. In the densification process the singular gets stretched out to occur over time, thus giving the illusion that the passing of events brings you closer or farther away from something else. In fact everything is everywhere

always. We need not hold it firmly in our grasp.

Once on Earth, you can not but go forward. There is no turning back so the concept is best forgotten. It takes much courage to face the desires that so recklessly hurled you through space to the unfortunate series of events you find underway right now. Looking at the path that led you here with non-attachment, you will be able to glean the lessons involved. Once you can see that you are not the "small person", you will even be able to understand the greater lessons your soul has cultivated over many lifetimes. The missing part of you will be restored through faith and the perseverance brought about solely by sincere enchantment with the power of truth.

The sting of disorientation wears off when the butterfly soul gets used to freedom from the chrysalis incubator. Transcend in spirit back to where you come from. Rejoice in the full harmony of body, mind and spirit. Speak as the Soul. The ground will never again come beneath your feet and this is a blessing. Enjoy your ride through space.

The Christ-Phoenix Eternal Souls of Gaia

Keep remembering that we have all had more experiences than just the few events in this small place and limited time. Archangels, a host of Demons, Pleiadians, Draconians, Orionids, Andromedans, your average terrestrial yokel, and many more shades from throughout the galaxy inhabit human shells on the Earth simultaneously.

Luckily not all forces on the higher planes work against us. This is important to remember. You can ask your heavenly friends for anything from protection, to a parking spot.

Many 4th dimensional battles begin with the disconnection of fear and the invigoration of focused conception. "Reptilian Minds of the Lower Astral Plane" are no competition for the modern "Information Gobbler Cyberspace Warrior". Reliving all of history just one more time for kicks is merely a precursor to implosion followed by the resurrection of the "Christ-Phoenix Eternal Souls of Gaia"

4D Dream World Cometh: Cyberspace and the Astral Plane

Expanding your mind through the processing of information in Cyberspace is the equivalent of flying in the Astral Plane. If we spend hours every day immersed in the ideas of fairies, angels, ghosts, UFOs, and spiritual transformation, they are indeed part of our very pertinent and immediate reality.

Buddha's number one reminder is of the interconnectedness of all things. Sound familiar? Buddha's Cosmic Mind might very well look a lot like the World Wide Web. Buckminster Fuller told us that soon we'd be able to project ourselves anywhere anytime. Isn't this a type of Out of Body Experience? If several bloggers are chatting in a realm that exists nowhere in the physical world, but has tangible presence in cyber reality, they are in fact discorporate. Although your bodies are in front of the computer, your souls are communing on the astral plane.

This explains how in many forums/chat rooms, a few simple comments can trigger such fierce responses. It is not just the words on the screen

causing the provocation, but it is the touch of our energy bodies in the 4th dimension. The cyber reaches to the astral through the human conduit.

This goes right along with the idea that the WWW is actually the planet's nervous system. We, her children, externalize our nervous system in computer hardware and when they all interface, the resulting synergy breathes life to a whole other aspect of Consciousness for the Earth. Then, through the people she can cleanse her energy field by expressing what here-to-for was unable to be transmitted for there was no medium of common understanding.

Symbology, and all the archetypes of old have found new life in the limitless arena of cyber space. Time has little effect, for the mental territory is so captivating and the ancient vibe so enthralling, that even a million years can go by without seeing the pulse of the inner smile hesitate.

In a very real spiritual sense, THE GANG'S ALL HERE. The whole cast of history's characters can be seen as actors in a finite happening called civilization. You can sum it up in a few gestures. Please don't associate the infinite glory of your greater being with these small blips on

Astral Visions

the terrestrial radar. You are so much more than that.

An Elephant's Death Frees One Conscious Being

An elephant dies in the dirt while his tusk is whisked away and sold as magic trinkets at New Age bazaars in the West. The psychic scream of pachyderm pain filled ONE CONSCIOUS BEING with rage. Pushing a pile of papers aside and tumbling to the ground, ONE CONSCIOUS BEING took personal responsibility for what humanity hath wrought to the giant gods in disguise. Filled with the fire of righteousness ONE CONSCIOUS BEING cried out to the Sky, "I will be thy sacrifice..."

Immediately Mercury, the fleet of foot, glided down a golden rainbow and whisked ONE CONSCIOUS BEING into the air. Shaking the offered soul vigorously, and repeatedly pounding on the back, Mercury chanted a long secret healing prayer to Jupiter. As soon as the melody of Mercury's music faded into Echo, ONE CONSCIOUS BEING began vomiting that which had here-to-fore poisoned pristine purity of purpose. Jealously, resentment, and guilt fell off like shadows in the morning after a long night of mourning. Cleansed from the inside out, ONE

CONSCIOUS BEING became ENLIGHTENED.

In this moment he saw that everything that had happened was for the sole purpose of getting him to realize what was now clear and self-evident. The fountain of youthfulness told him everything was going to be okay. Faces of friends and foes alike hovered in the ether as if it was the end of some kind of eternal cosmic video game. It is all smiles, and the song being sung seems like it will last forever.

Rivers of Oil Blood Run near the Eiffel Tower

Wandering aimlessly in a haze of bombs and trembling Earth, the young soldier stumbles forward. Which insignia was it that just smashed the peace of his sultry evening? Does it matter when missing an arm and dying for a drop of fresh water? Even old machines can destroy and they do.

Cackling in the dusty breeze are the trapped souls of thousands of newly dead. Never wanting to leave the pain of pleasure these ghouls hang around and jeer those like them still trapped in the physical. Exhausted, the soldier falls and his mind cracks...

Somewhere in the archipelago caves amongst the etchings of Neanderthals, Jesus is waiting on a pile of ancient scrolls as stormy skies send wave after wave crashing into the sea coast. Unable to reach him on a cell phone, the situation must be dealt with as it stands.

The Eiffel Tower looms in the background and a man-made river turns a dirty mixture of oil and blood. Historical scenes rotate like a final

Pearly Gates Press Volume 2

revelatory curtain call. The ego trip of Homo sapiens accelerates rapidly as it spills out of control. Civilizations rise and fall throughout time. Stepping out of the birth shell, humanity finally reaches a sense of divine dignity and rescinds the madness of youth by taking over conscious control of evolution.

Hell is psychological, but there are also some pretty nasty astral realms waiting for those who bring horror to themselves. Imagine 1000 screaming fire skulls exposing each cell of the energy body to the exact frequency that brings the most pain and then increasing the intensity bit by bit until all sense perception stops and a sort of blinding numbness shatters your fragile persona. Now consider a place where that is just the gateway to an endless field of torture scenarios, each more sinister than the last. Sisyphus is still waiting to cross over to his next punishment.

Whining about war is not nearly as fulfilling as fighting one. It is of great significance which mission is chosen by one involved. Behind the bushes in every nightmare is the key to the past and the harbinger of the future. Elementals in all kingdoms will add a tendency for mishaps to the deeds of the disloyal. Generation after generation, the few rise and the many fall. It is an age old

Astral Visions

battle and we are always behind.

...even as tornados destroyed the yard of his childhood home, nothing could dissuade the soldier-to-be from playing one last game of ping pong with his older brother. They giggled and watched the rain fall through the bottom of the garage door. Even if that moment was their last it would be okay. Love made it all worthwhile

Raging Soul Fires Rock the Astral Realms

With groups of souls passing over in clumps of 50, 80, or more, the lower realm of Heaven (4th dimensional dream world) is trembling in ways unseen since 1945. The confusion and fear people are bringing over with them must immediately be dealt with by "transition by disaster" relief teams. Raging soul fires must be extinguished before entrance is allowed by the battle weary demi-gods to strip off minor misconceptions and limited self-identification in the Bardo.

Angels in service to junior aspirants are being damaged in the process and will have to recede very soon. Much as brave firefighters do the impossible and save children from blazing infernos when all others had already given up hope, so to do these Expressions of God's Love, dive in again and again at their own life's risk. Angels must progress as well. Eternity is only realized by complete liberation.

Vibration in this area of the Solar System continues to rise. Spirit guidance will decrease as the former INFLUENCING of INDIVIDUALS

Pearly Gates Press Volume 2

INTUITIVELY becomes the CONSCIOUS RESPONSIBILITY of UNIVERSAL HUMANITY. Aliens who are meddling with Earth affairs will start having a harder time maintaining Human form and in accordance, you will see less and less of your Current Leaders. Eventually, they will be nothing more than computer generated figureheads on your TV screen touting the party line you all know by now.

The Denial of Karma by the West and the Denial of Self-Determination by the East is causing the unexpressed to take form, bringing about the Destruction of the Old Way through Wars and Earth Changes. Simultaneously, the New Way is being created by Generation X Cosmic Bloggers, who are graciously devoting themselves to spreading spirit-related information in a myriad of wonderful forms. Soon the Indigo Children of the next generation will find this Source, transcend, and reveal themselves as Beings of Light born to Guide us into the Golden Age. January 1, 2013 becomes Day 1 of Year 1.

This Mind game is ending and the Aquarian game of Awakened Hearts has begun.

Magic of the Astral Plane and Eternal Eye

The smiling lotus gently opens the perception doors, slipping us into our energy body unencumbered by the gravity of physical form. The substructure of existence becomes revealed as an elaborate pattern illumined to express exquisite equations as living art. Space travelers need to know that every point of light is interacting on a cosmic graph, and no matter how far away, the lines of connection are never broken. All is well.

Mythological archetypes display reality from the astral plane. Behind the density of even the most gaseous of states lies the etheric principle. Our life-giver 'Sun' who sustains the solar system which reflects his character, is a being to whom you can relate if you are bold enough to speak his sacred name. The Eternal Eye shows you the face of Lucifer (he who has fallen into manifestation), and the 'One' behind the 'Many'. Our third eye is the 'One' in us and our bridge to magnificence.

Also known as Ra and the Atman, his presence is neither good nor bad, and his main function is as regulator of manifestation in this particular universe. A prism to transform Aum into light, he

Pearly Gates Press Volume 2

facilitates the chakra transmission into body conduits. When we attain to clarity of vision, we suddenly see things from the other side. Realizing the fullness of our soul self and how this is squeezed into a sense-body through incremental, density increasing steps, we trace our way back to the source from which we derive.

If we attain to solar vision in the crystalline thoughts of the higher mind, we can transmit messages through our Sun to other stars. In this manner, I received a communication from Pleiades explaining that the Old Egyptian culture was reflecting a nuance of a much more ancient realm. Time was felt very slowly as to be almost still. An echo pervaded like the silence of an empty graveyard. One could hear the dripping of liquid erosion bouncing like a beacon to the most high.

Praise the Lord and his Archangels who bring God to the ground so we might all experience the truth of wholeness/holiness.

Ghosts, UFOs, Demons, Dragons and Armageddon Visions

Blurring worlds reveal the things we love to ponder as true. Imagination is the station for conveyance. Occult magic confounds and wondrous entities walk amongst you. Some of you are being given fantastic new powers. Open your third eye and see for yourself the things that you had always dreamed about.

You can easily speak with the dead. They are not far. Do you need to speak to a dwarf or an elf? Go to the forest in your mind. This is not illusion, it is where we meet. Later when you are more advanced, you will be able to fill in with actuality outside what you are training for inside.

Watch out for demons! Are they coming? No, they are already here. Every time you are disturbed, they jump on the corresponding energy. When hate strikes, the demon jumps to action and thrives on the burn. When depression takes you away, the empty pain of Isolation wraps you under her spell. Dragons symbolize healing archetypes that span across the heavens urging us towards self-actualization and power. Several layers of hell are purged; from the lion to

the lamb, until reaching the face of Christ illuminated by Buddha's ruminations.

UFOs from the collective inner psyche, giant triangular motherships from the Draco - Orion – Andromeda “Blue Alliance”, sleek Nazi craft from New Berlin, Antarctica, and the most powerful of the US grey-alien-reverse engineered fleet, fly in massive battle formations like unholy waves of raging decadence. Beyond the destruction left in their wake lies the jewel encrusted circular gateway escaped through by 7913 Atlantians and later traversed by 20 generations of Egyptian priests of Osiris, before Moses created the stone law that broke the back of the man.

Armageddon was in 1945, but the post-humanity resolve to suffer ever more refined psychic disturbances draws greater and greater danger. Desire masquerades as virtue and the sexy offer up their delights as if they were truffles found by some second rate pig.

Someday you'll realize that something is real if it is real to you. Immerse yourself in yourself and then share the overflowing productions of divine industriousness. Shake the spider's venom from your mind and let the crystalline light shine.

Astral Visions

Mighty deeds are always done by those who were once little. Every possibility exists that even as "the one who came before" clapped his/her hands of nothingness together, the reverberations began simply because intention had found a home.

The Creator Incarnate on Paradise Planet

I am here and fully integrated into a body. To Mind this may seem improbable, but upon reflection just about everything in this universe is also improbable. Life itself is a miracle of miracles so astounding that it is hard to conceive in its full transparent glory.

Not knowing a time without life, Mind can not comprehend an existence without itself. This is the key to unlock the door to universal perception. Look as if from the outside at your mind and all it contains. It should not be a storage unit, but a conduit through which messages pass. All input is recorded in the Soul, so one need not be strained in the synapses. Leave the brain grass to drink the celestial rain of the astral plane.

Output shows the true disposition of the individual expressing. If what is displayed is mind-stuff regurgitated for profit alone, the effect on the observer will be harmful. If somehow the inspired artist is able to capture a slice of heaven, then the observer will be lifted higher and may leave with a touch of grace. If an awake consciousness takes as their own the mission of

Pearly Gates Press Volume 2

unifying with the Creator and puts Will behind spreading the message of Goodness which is the truth of Creation, then the whole foundation of falsehoods will evaporate like puddles in the desert while the brilliance of what always was, is, and ever shall be, will be revealed to all.

If Jesus took a shuttle craft to Earth, dressed up just like he did when he was 30, came up to you and said, "It is I. I have returned. My father sends his Love." Would you be open or would you think, "Who is this crackpot?" It is a question worth deeply considering. Nonetheless, I have put upon the Earth a more refined and savvy crew who are ever linked to Me and know the ropes from the inside of the madhouse that has become the Mind on Earth.

Being able to feel the energy of any they come into contact with, yet balanced enough to keep a calm and clear mind, these, my blessed children, are brothers and sisters to Jesus. Buddha was an ancient one even when he was alive. A traveler from distant galaxies, it was an honor for all of us to be in His presence. Such heights available in the human heart! To be honest, we are all growing and surprises still delight God in Heaven even as they do Humanity on Earth.

Astral Visions

Never fear. The trick to Faith is to be absolute in your conviction. It really is not Faith if you are wishy washy. When you focus your Mind, open your Heart, and engage your Will, whatever you wish to manifest will be so. Patience is necessary because it takes some time for the entire Universe to move around your inclination and cross reference it with all others. When you get the hang of it, you will realize that God has not abandoned you, you just forgot how good you really had it on this paradise planet.

9.11 Victims greet Tsunami Victims

Having lived in the astral realms for about 3 ½ years when the Tsunami hit, the 9.11 victims had a pretty good idea about what it takes to get acclimated. Waiting on the threshold of incarnation, they helped usher in the flood of tsunami victims by the thousands. Many had been standing by for some time, and were eager to offer their assistance to the new residents.

Although the thunder wave was seen as a random act of God by some, it was actually a well-planned and necessary karmic adjustment. For various reasons, these people were ready to move their training to another location. What we see as death is merely a change of form to the other side.

One thing common to both groups was an abrupt end of physical incarnation due to a sudden and traumatic event. In these two instances and in several others, the collective thoughts and prayers of millions have paved a golden road through the tunnel of light where the souls were able to maintain a certain amount of contact with love, thereby easing the searing pain of separation.

Pearly Gates Press Volume 2

The victims of various wars around the world are also scattered about the vibrant landscape.

Sometimes they arrive alone, but often show up in bunches. Those who firmly believed what they were taught, often still identify with the mental patterns that they carried over with them. A few noble warriors jump right back in.

The souls of the last remaining WWII dead often help those in need of orientation and this case is no exception. About half of them reincarnated in Generation X and are scattered across the globe. A small percentage maintain cognizance of who they were, and a smaller, yet still significant number, carry on the fight.

The general feeling of a majority of the tsunami victims is one of relief to be out of danger. Some make comments such as, "The fear of dying is worse than dying," and "We forget how truly fragile the physical body really is..." Those who came over as a family are being greeted by ancestors. As usual with such situations, many of the victims have not as yet accepted that they are dead. These are the souls who need the most help. Slowly, teachers will aid them in dismantling the bonds of concretization.

For the 9.11 victims, the hardest thing to deal with

Astral Visions

was the psychic vibrations of anguish by those left behind and the further disturbances caused by subsequent repercussions. They wish for all people remaining on Earth not to send pain to the tsunami victims, but to foster a spirit of optimism and generosity about the future with each other. Remember the lost fondly as the holy fish that were swept out to sea. Honor them by mobilizing resources not just for the left behind, but for all of humanity.

A Buddhist, A Hippie, and A Nazi

3 dead men met at a marble rotunda on a shimmering energy lake in the center of the 4th dimension. A kind of astral reality situation, these men still convinced of the rightness of their cause, continued to propagate waves of influence over the lesser developed beings still trapped solely in the 3rd dimension. Due to the confluence of events that sometimes occurs randomly yet planned, the men sat down at a triangle table with an unsympathetic eye in the middle and began their battle of ideas.

Of course the Nazi seized the initiative, "It is without a doubt an absolute certainty that we are brought here together for me to shake you out of your complacency and thrust you to the forefront of our effort to establish order to this chaotic world!"

The Buddhist and the Hippie looked each other over, not certain if they were on the same side or not. Finally after some hesitation, the Hippie piped up, "Man....Dudes like you keep peace from flowering. Can't you just chill and enjoy the ride? Why do you have to force everything?"

Enraged by this affront to his dignity the Nazi bellowed, "Force is the way of nature. Does not the lion force the zebra to be his lunch? You would never survive on your own. You leach off of the work of others and then complain your life away in a haze of confusion. You are dirty, smelly, and have no self-respect. The way you appear is a reflection of the weakness of your idea."

Realizing that the Hippie's mellow vibes were no match for the will power of his adversary, the Buddhist who was unique in his inclination towards discourse/debate, took it upon himself to challenge them both. "It is true that there is a natural way, and it is true that we should practice non-interference. To take up the mission as your own is to walk in consciousness. A look can convey what a wall of words can not."

As the discussion was heating up, a hole in space/time emerged and quickly began to draw in the now-dissipating legs of the Nazi. Being pulled into Bardo to be purged of impurity he shouted, "I'll never submit....." as he disappeared to the next stage of his soul's evolution.

Seeing this, the Hippie freaked. Mistakenly believing that he was having an LSD flashback he

Astral Visions

dove into the mind stream that carries the discarnate back to the threshold of the physical world. His fear cursed him to roam in the background of Hippie Music Festivals throughout Midwestern America for 37 years, until he came across a Spirit Warrior who had the ability to see him. This Angel in the Flesh spoke the following:

“Hippie, Heaven is not for the weak, nor is it for the angry. Although injustice is prevalent in the world, how you handle it is the supreme test. Your concerns are valid but only from your small mind. Do you not think God knows what is occurring? It is the Riddle of your Heart that you should be focusing on. Move back into the Realm of Manifestation and Heal my son.”

Seeing the absurdity that can happen even in the so-called higher realms, the Buddhist laughed and laughed until the scenery disappeared. Soon thousands appeared around him joining in the laughter. Bubbles and giggles spilled forth filling the ether with the joy of living fully and wholeheartedly. At last enlightenment dawned on him and the Buddhist became a Buddha. One more go around in the body to spread the dharma through presence and the cycle is complete. Aum will take him Home.

When You Close Your Eyes You Can See

Meditation looks so quiet from the outside, but it is not only silence you will find within. Passing through the valley of brain mines and traipsing past the emotional tar pits, finally we find something brilliant and new. You may see a thousand eyes all looking at you with a knowing that awakens a remembrance of something you never completely forgot. Geometric symbols could appear causing your forehead to be filled with heat.

You may hear a high-pitched “OOOOOOO” sound that’s always been there. Suddenly a god or a Tarot Card Entity might pop up and dance before you, beckoning you in a cryptic way to assimilate the truth you were always meant to learn. The ancient history of Earth civilization may reveal its story to you in all of its heartbreaking beauty. We are able to think in thousands of years or millions of years, but in the echoes of the Halls of Eternity there is not much difference between seconds and eons because in the end all activity falls silent. When there is no more, the experience exists in the growth of those who lived the events.

Pearly Gates Press Volume 2

At night when we drift into the dream world, the lessons continue. If you haven't before, try keeping a focal point of consciousness all the way into sleep. Your heart beat will regulate and you will see that you are being breathed. You sink deeper and deeper beneath the surface of your body until you feel far away from the shell you somehow give so much credence to in the waking hours. Slipping into motion, there is still some gravity. Walking is like jumping on the moon and you can fly, but occasionally have to renew impetus to stay in the air.

There are bars, coffee shops, universities, and gardens in the astral world just like there are here. There are also, swimming holes, apartments, and centers of community. The parameters of operation in 4D do tend to be a little bit different though. Things usually are not so deadly serious. Most entities will have more continuity with their greater soul journey than they have here, but often forget again compressing back into the density of 3D. If we keep OPEN and continue to practice over time, it is guaranteed that we can remember more while awake in the body. We just have to accept that it is possible and it will be so.

In fact if we keep our Center, we can skip through many realities. It can be an Earth encounter, a

Astral Visions

Dream scenario, a Heavenly realization, or a Psychedelic journey. Not involving self-identity with the outside scenario, the IAM presence inside remains the same. All of Existence could disappear and the ball of light that you are could just hang out and be mellow until the next cycle of Creation.

The picture of the burning Buddha represents something very real. When our energy field starts dissipating into the bliss of nothingness, the feeling is like a cool flame rising all around the body. You become a human Bunsen burner filled with such happiness that you don't mind coming back down for a bit to spread the good word.

In this way we enjoy ourselves as eternal beings.

A Crowd of Creatures All Around You

Filters are subverted only by something crafty that grabs your attention and then takes it in a direction not of your predisposition. Seldom does it seem that something delivers the highest of what we hope to find. It is perseverance that allows one to discover that which is worthy of being earned. Even if they were staring at a ticket to the soul many would opt for another ride. Again and again you can hand them the map and not knowing they are lost they will decide to wander away in another direction.

Interested in ghosts? They are probably all around you right now. Stop for a moment and see what pops into your mind. Feel the chill up your spine? If you start sobbing, know it is for some meaningful reason. People would be absolutely stunned if they saw how they looked from the other side. If they tried hard enough, they could remember this perspective and know firsthand the reflection of their own face. Touching the wrinkles, the nose crinkles, and the last tear of the day is wiped away.

Monsters are fun, because they are real and somewhere inside we respond to their familiar

terror. Bigfoot and the loch ness monster are 4th dimensional creatures phasing in and out when the veil between the worlds thins. It doesn't always remain static. Sometimes we are a little denser and sometimes higher in vibration. All levels pulse. Over this threshold the elementals dance, the fairies fly, and the elves bow to wisdom. Be careful of the darker energy sucking entities who say the opposite of what they mean. Flashing smiles, their horrible intention freezes love in its place.

There is a gap between the angelic realms and the astral. An influx point in the middle (the 5th dimension multi-fercating eternal eye pyramid being Ra) transforms the higher into the lower and displays it as a manifestation called creation. Sometimes if our prayers can't be answered directly they will be relayed through friends to the proper channels. A cosmic switchboard is always in operation monitoring the needs of the innocent and rerouting the appropriate holy entity that is near enough to provide assistance. Hearing the call every time, the spirit warrior bridges the heavens and the Earth with love power.

Whizzing through space the planets provide a symphony of energies to the backdrop of our every day lives. When drinking plenty of water

Astral Visions

and getting a proper balance of sun, we foster healthy skin and a free passageway for the resonance of galactic energy. Surrounding each of us is an orb of light. It displays everything about you to the illuminated eye. If your flame is burning bright enough, the stars themselves will come to your aid.

A Good Wizard Frees Cosmic Forces

Give Lucifer a bad name and then keep him all to yourself – so reads the Illuminati manual for co-opting cosmic forces. All anyone needs to do is throw out a symbol and have in mind specifically what it means. This thought immediately gains momentum thereby drawing through the gateway appropriate matching energies.

War is when two or more of these symbolic generators come in to conflict. Bashing each other, they forget that humanity is beyond the archetypes of the psychic plane. With most of each day being spent in the quagmire of the world and the drudgery of the mind, anything fantastic seems overwhelming. A good wizard can assure you that transcendence of the 4th dimension is not only possible, but merely a skipping stone's distance if seen from the perspective of the moon. Swimming upstream isn't so bad once you get the knack.

down. With an open EYE they see more than their mind can translate based on the tiny lessons of one small life in a body. People who go crazy from LSD suffer from a similar fate. Staring at the face of God, your head could burst into flames.

Step by step and moment to moment, we arrive consciously at the glory we have glimpsed in our highest perceptions. Nobody is going anywhere. The outside catastrophe is just to remind us of the urgency that has always been the case.

The Universe is Hip

Common as dirt or intricate like the pulsing veins on an oak leaf in spring, the intelligence behind all things animate and inanimate twinkles just below the surface. There is no trick or treachery which can be hidden and no unselfish act can go unrecognized. It is funny to think about how conniving some people are and their self-satisfaction over fooling a neighbor. If only they knew that actions are imprinted in the ether and that to ever be free they have to suffer what they have caused, perhaps the web of Samsara's realm would not get so sticky.

Every song begins in the vibration of AUM. In that essential source, lies every note of every composition that ever has or ever will be written. For example, Beethoven was not just a man. He was channeling a subset of AUM. To write like Him, one just has to connect to AUM and conjure up the intrinsic Beethoven quality which is still there. In the same manner, no entity disappears, because we are all faces of the ONE. From the ONE you can access all faces.

When will the world learn to trust its own inner guidance? Perhaps when it is acknowledged,

nurtured, and explored. Yes, it is good to listen, but decide for yourself how you want your reality to be created. It is not a finite thing and it never stops. Endlessly painting tapestries, sometimes it rains so you can start a new project. The colors blend together, run down the drain and collect as a blackness in the sewers. Say farewell completely and they will dry up to become dust which blows across the land, fertilizing next season's crop.

It may be hard to believe that a character like the Universe knows about you, but it does. Never interfering, but always willing to show you the higher rules that make life easier, the Universe cannot leave you because it is you. Your very own atoms even now have the Intelligence that began the whole experiment known as life. Everything that has ever happened can be accessed through the inner doorways. It is not even difficult in any way. It is much more difficult to doubt, criticize, and be riddled with fear.

Hug yourself and when you feel Love, know that it was the Universe hugging you through you. When you breathe, know that the convenience of fresh air is enabled by the prana influx that almost everybody takes for granted. When you drink a glass of water and let the coolness bring a smile, know what the fishes in the sea have

known all along.

From the poker table to the boardroom, it is all the Universe. Doesn't it make you happy that you don't have to be ashamed of your secrets? Who is there to judge when each life has the same source? The whole complicated mess of war (macro or micro) isn't even necessary because friend and foe alike are really two branches of the same tree. The joke is on everybody who thought they were separate. Luckily the punch line is salvation for all.

The Eternal Eye is Trapped by a Spell called Money

The Eternal Eye, Ra, and Atman are all different names for one and the same being. This entity is the spirit of the sun and is the last in the primogeniture of this realm who has what one could call a personality. Neither good nor bad, this god-head is the regulator of all levels of manifestation and the keeper of karma via order.

Often we associate the images we see of Him with the illuminati, freemasons, or some kind of occult activity. The truth is not that those in secret societies worship Him. In fact, they worship Baphomet and use his renegade power to illicit desire to maintain the spell which keeps the Atman (as I will here-to-fore refer to Him) prisoner: MONEY.

When a life revolves around money, is it not a religion? Hypnotized, the masses believe in the reality of the do-re-me which displays the trapped face of the Atman. The words IN GOD WE TRUST suggest that money is GOD to the subconscious.

Pearly Gates Press Volume 2

If all of our attention is focused on the "Image of God," do we have any left to find the real godliness within ourselves? Looking outwards and pulled by the free-will reign of the animal instinct - Satan, we fail to turn towards the joy which the inner fulfillment of our soul purpose releases.

Jesus said he was the son of God, because he realized his own connection to the Source. Freeing his own Eternal Eye, he awakened to what we can all realize, that we are connected to a living, intelligent, Universe. Beyond the small mind imprisonment, the expansion of energy blows away limitations and eagerly encounters new experiences.

Our potential is much greater than most of us think. Even the conspiracy nuts and news hounds are merely tipping the titanic berg of ice. Those who have been on UFO's, negotiated with Greys, seen a resurrected Guru, or have been whispered the 'Single Secret of the Ocean' by the Water Sprite Selma...well...maybe you're getting close.

Have faith in yourself and each other.

A Penny for your Thoughts and A Nickel for your Secrets

It is easy to keep up piety when circumstances are such that you are never challenged. When dealing with real life situations, honesty often causes inconvenience. The line of demarcation comes when an unconscious habitual behavior tramples on simple human decency. When misrepresented, the truthful will feel compelled to set the record straight. Assertiveness excels when it cares not about the reeling back horror-struck faces of those who thought they'd never have to take responsibility for their words and deeds.

Any time a position is taken the magnetized will polarize and you'll soon see your real friends. Common knowledge takes the weight off of the shoulders so the universal boulder can be laid to rest if only for one moment. Atlas is nothing more than a representation of the responsibility inherent in understanding. Why else would you have been granted a power if not to use it?

Judgment begets conclusion which closes the door. Awareness encourages acceptance and what is witnessed is more profound than the most

far reaching dream. Nothing relaxes one more than realizing that at the highest levels, all is well. Sometimes fire is necessary and sometimes ice. Sometimes poison will flavor the rice.

Thanking God by discovering yourself far surpasses begging on your knees. Your worship reflects your well-being. Often I smile at the royal nature of our enthronement as sacred entities. Angels, fairies, Yah-weh the holy mother, Atman the divine father, and the Aum which underlies all forms are each independently perceivable phenomenon. Lucifer the Eternal Eye hangs out for those ready to rise above the psychic realm and come to the singularity of complete integration.

Occult power lies largely in the fact that it is hidden. The big secret is out. Luckily, when we tune in for ourselves, the formerly circuitous route leading outside becomes the instantaneous explosion of information derived straight from our inner Source.

First is Sex. Second is Emotion. Third is Mental Development. Fourth is Love and Psychic Perception. Fifth is Will-Power and the ability to Manifest any Creation. Sixth is dissolving Self into every atom of the Cosmos. Seventh is

extinguishment in the Void. All who have ever been aware are still there. The resurrections of Jesus, Sri Yukteswar, and Osho are testimony to that.

It is sheer pleasure to reveal the rotes of universal data to a wider and wider audience. Love and Power oscillate freely and spirit flies unbounded. Constant change urges all of us onward. From the blade of grass, to the frog kingdom, to the cool sensations of moon reflections deep in a valley surrounded by mountains, we all seek to grow. This yearning is our journey and our special gift. Life never ends.

A Soul Feels the Potential

Tuning into the soul which transcends limited incarnation concepts, we begin to sense the wholeness of what we will become. As habits are purged and pain is transformed to Joy, the energy trapped in the scaffolding of unconscious choice is resurrected with the power of enlightened decision.

To make the transition into the external world is an ongoing warrior mission to be taken one moment at a time. Initially, the expectations of others will be a hard obstacle to overcome. Guilt and resistance are normal by-products of awakening. Be still in knowing that the pain everyone feels is their own and they alone are responsible for it.

When the spring in a spirit blossoms forth the fruit that had lay dormant in the dusty corners of an as-yet-uninvigorated being, the fulfillment that was missing will be found. Showering the starlight of inspiration, the connection with God is made from the inside and expressed without reservation.

The dark night of the soul is when you are in the

Pearly Gates Press Volume 2

middle of the evolution/revolution. Old patterns are cleared out and new ones have yet to emerge. Just a little patience is needed....like a farmer who plants seeds every year without a doubt as to the potential bounty of the land. In living truthfully, sacred glory will arise. All of heaven will celebrate your arrival.

“Ike” comments on the “New Normal”

Looking for a conduit to speak, “Ike” has stepped forward and wants to relay the following message:

“Friends, not since the pain of Truman’s bomb has something moved me so deeply as seeing the plight of my former countrymen toiling longer and longer for less and less while a seemingly endless war rages across the ocean. When we fought, we fought honorably and because we felt like we had to. It is not something to be glorified, but something to be thankful about being over.

Throughout the time of my incarnation I had the rare opportunity to see life, death, and tremendous change. I’ll never forget the exhilaration of war’s end, and the possibilities we all hoped for the world were unlimited. Stalin, that bastard, would not let down his guard. He poked into the wounds and continued the only thing he knew – destruction.

Unfortunately the lessons were not learned and war goes on. You should know that the war goes on in the energy world as well. Ideology is a powerful thing and once it has the individual, it

can haunt him in this world and the next.

It is time to consider once again my warning about the military industrial complex. When I spoke those words, it was not an empty prophecy or a slight possibility. I saw the forces aligning. The coalescence of the poison injected by the Nazis in the CIA, saw the spirit we had fought for become the spirit that we had fought against.

Let us not make this state of affairs a permanent resting point on the journey of human evolution. To stop disturbs the Heavens. Motion is necessary to be in alignment with life. Science and religion both have shown this to be true.

It has been an honor to speak with you one more time, my friends. Superimposing yourself on another so willing to serve is a task that has been at once enjoyable and necessary.

God Bless you All.”

Beethoven on Buddha, Symphonies, and Politics

Beethoven, the Heart of Western Culture has come forward with this to say,

“In this moment of humanity’s greatest hour, it is with some amazement that I take this opportunity to expound upon some virtues which I deem pertinent to the situation. Never would I guess that this mode of communication would be possible, but the uniqueness has been achieved by the one currently transforming the messages from thought-forms to typewritten words.

Long have I sought to say just one more thing: Take the whole of every moment with seriousness of purpose and sincerity of intent. It is our job as holy conduits to inspire each other to seek higher and higher states of consciousness. Since crossing over, I have become aware of the teachings of the Buddha and have even had the rare opportunity to walk in the Garden of Lao Tzu.

On a personal note, I encourage you to listen once more to the symphonies of mine that often get passed by: “2” and “4”. “5” was a successful exercise in composition that has been thrust

Pearly Gates Press Volume 2

forward because it can be understood by even the dullest of individuals. "9" has been long hailed because of its universality and choral power. Also associated with "9" is the oft repeated story of my deafness while conducting. Is it so remarkable for a musician to hear his own composition in his head? I so wish this fact would be less emphasized, because for me it was mere detail. "7" is a favorite and the highest form of my art on Earth.

As for your political crisis, I shall speak from my own experience. I loved Napoleon and believed he would establish a free nation where art and music would inspire an enlightened population. When he turned out to be yet another brave fool lost on the way, I remembered that only I can create my reality."

Wellstone: "Renew Hope in your Heart!"

Senator Paul Wellstone comes forward to clear up a few things:

"To get the most pressing matter out of the way first, yes it was a political hit. It was a price I knew that I might one day have to pay, but I am truly sorry that it involved my family and friends so intimately. The bizarre scenario that followed was fueled by pain and is immediately forgiven. Walter you were thrust into a horrible position and you responded bravely. Bravo, my friend.

Now, as much as I appreciate the love that many of you still shower on me (this made the transition easier to be sure), I never want you to forsake your own vision. Do not ask what Wellstone would do, but consider what You would do, and then take action! I was one voice of many, and the chorus is still growing today. It might not be on the TV news, but over here, we can see the light expanding. My death was not in vein. In fact it is glorious to know that I contributed to the first stirrings of what will likely be humanity's salvation.

This result is not assured however. It all depends

Pearly Gates Press Volume 2

on what you do now. Clear out the bad feelings and renew Hope in your Heart! All is not lost unless you accept that it is. There have been many startling reversals throughout history. The explosions of angry repression eventually wither while the truth never wavers.

Know that I am not far from any who would think of me. I still do what I can from where I am to uplift those loyal to our cause. Enjoy your life and I'll see you when you get here."

First Dog of the Third Reich

Hitler's Dog Speaks!

"I have chosen this time to break my silence. It has been 60 years since I too met my end in the bunker. Does no one wish to hear my voice? This writing man is a fine Facilitator who has enabled me to express my thoughts in such a luxurious way.

The Fuhrer loved dogs because dogs understand the need for men to be appreciated. A man is born to be a master and dogs are born to serve.

I am proud that the Fuhrer chose me to be his dog. I knew that he was no ordinary Man. Whether to glory or doom, I was certain that this Being in a Body would propel others to 'follow the leader' by his firm resolution and self-determination. He was driven by something outside of himself. Truly he was a zealot like no other. Anybody can blow themselves up for a cause, but how many work their whole life relentlessly for a single purpose?

Now if you find this amazing talk for a dog, you do not know much about how the astral plane

operates. I am no idiot and neither is your dog if you have one. Although you have to communicate to us in our language, you'd be surprised how much of you we imbibe. We are descended from the Wolf, a sacred animal to the Red People, native inhabitants of the North American continent.

My impressions of the Fuhrer regarding those around him and his last moments are at once clear and bittersweet. Above all he could not believe that his magnificent idea, so close to completion was crumbling around him. Some think that Germany's destruction finished him, but his idea's DOWNFALL hurt him so much more. After realizing that there was no hope (except some glimmer for a distant future where he was long gone) he resigned himself to the Emptiness of Death.

He secretly loathed Goebels (who didn't?), but always admired his wife Magda, and their children.

He was appreciative of his attendants and didn't want them to see Him lose Faith even in (especially in) the FINAL HOURS.

He hated Goering and blamed his exaggeration of

Super Channelings

the Luftwaffe's capabilities for the Allies' disastrous bombings of German cities. This is one reason He didn't adopt the futuristic jet plans that the US now uses to rule the world. He didn't trust Goering!

He made gestures of anger towards Himmler, but secretly understood his movements. Do you think He lost his deadly accurate political sensibilities?

He thought Hanna Reitsch was a powerful woman indicative of the true spirit of Germany, who served so honorably, that she alone deserved to live.

He married Eva with no reluctance and found some comfort in this closure.

He knew that he'd be hated for 100-200 years, but hoped a more awakened humanity would realize that He was right and that He alone had the courage to face the truth.

(You wouldn't believe the feelings He was emoting at this time. So much despair and lost vibration... When it was just He and I, He would pour his feelings to me. I accepted.)

Again, this is not so strange for a dog to say. I felt

Pearly Gates Press Volume 2

these things from Him in the Final Hours. Now that I am discarnate and have the lexicon of the Facilitator at my disposal, I can express anything I want. The Facilitator has considered this point himself lately, calling it a form of Super Channeling, where he gives his Mind to the Spirit to do with as they please.

The last words Mein Fuhrer spoke to me as he closed my jawbone on the cyanide capsule were, "For Germany my boy. For me."

As for feelings regarding my demise, no better honor could befall the First Dog of the Third Reich."

Michael Landon: Highway to Heaven Runs Through Hell

Michael steps forward to share one last glorious vision:

“Friends, it is wonderful to express my love for life and for those within the Earthly Realm in words. There has never been a moment where I ceased to shine my Heart on Humanity.

In my last terrestrial incarnation I felt compelled to portray wholesome and holy characters as kindly strong role models for those who also felt called by the Center of All Things. The last television project was totally mine and reflects the artistic spirit residing within me - my Angelic Being.

(About the Facilitator: Talking through this person is like driving a First Class sports car. His Mind is Keen and His Heart is one of Service as is my own. This is why we are able to communicate together and reach out to YOU as ONE.)

There is no distraction that could keep me from saying to you that the Highway to Heaven Runs through Hell. This you must realize before

Pearly Gates Press Volume 2

Healing of the Wound is possible. It may seem odd to you that a dead actor is delivering this message, but within every body resides a being or a being fragment. Regardless of the surface manifestations, we are all here to learn about THE BOSS and HIS WAY.

When you watch "Bonanza", "Little House", or the jewel of my career "Highway", remember that I was reaching out to you then as well. No human is perfect and certainly I had my challenges on Gaia. After I crossed, my sufferings became experience and understanding.

The one known as Victor French is a wonderful companion who has been with me since we left our Star System to come to this area in the first place. He eased my transition back to the Land beyond the White Tunnel. He wishes to thank you for listening because he knows how hard it can be. I must also thank all the women who were in my worldly family. You know who you are and will feel my soft presence if you read this.

We have been hurting, but above all we must have Hope. I shall now walk back into the clouds of the Big Sky."

Elvis Has Finally Found Peace

A Hunk of Astral Love who is always near, Elvis has found his voice once again:

“Now, this ain’t the first time I’ve communicated to y’all from over here. My spirit is bound up with your popular culture. As long as you believe in me, part of me will always be there.

Livin’ with a one word name is both difficult and rewarding. ‘You are the Elvis’ people would say. Bangin’ chicks and makin’ flicks....doing lots and lots of drugs...

Shit...this kid translatin’ is great. He’ll write anything I transmit. Other psychics always watered me down....all the friggin’ bastards were trying to steal a piece of me, but I’m Elvis baby...you gotta know that I am ready to Rock N Roll.

My first show over here was not much different from my last one over there. I got lit up, put on a hip suit, batted my eyelashes and sang, ‘Love me tender.....’

Gotta put in a word for my little baby doll Lisa

Marie. Keep away from that freak, baby. You know who I mean. Oh how your daddy loves you. That Cage guy, now he's cool.

Boy you Americans have gotten crazier than old Elvis himself. You wouldn't even notice me now. I am much better to you as a legend. I started the faster/fatter trend and you all followed me off the cliff. Nobody cares what happens to the insides.

Militarily, you gotta watch out for the Chinese. You don't think someone who has traveled as much as The King would be out of the geopolitical loop do you? This is a fine part of the Super Channeling method offered by the Facilitator. I just feel it and he makes it happen; sweet luxury in modern astral communication. They are weakening the US now with currency and flooding the market with cheap goods. Standing by waiting to strike the death blow, they figure, 'why waste time and treasure, while you are self destructing?' Keep your eyes open friends.

Priscilla, you were always my jewel. Thank God we had some good times before it was too late. Your beauty is of the stars.

Please remember me for more than jumpsuits and

cheesy tunes. Most of all, I was and am always being me. I went for life and made some mistakes, but that's okay. I still do about a show per Earth week on our transportable light stages. Besides that, I study with Sri Yukteswar and meditate. Thank you for listening. Elvis has finally found peace. "

Herr Mozart Takes Us Farther

"Though you buried me in an unmarked grave I'll come forward and clear up a few things for the good of humanity. We cornerstones of history are very sensitive to heritage being disregarded in the modern era. Building upon the aesthetic of our lineage we tried to most perfectly translate spirit into the form of the epoch.

My gifted youth was partially due to the fact that in my previous incarnation I was the composer known as Palestrina. I had perfected the art of simple melodic brilliance and had found deep harmony in the spirit. Much has been made in small circles of our transparent similarities.

Your movie Amadeus was indeed entertaining, but much more dramatic than the day to day sufferings of real life that I underwent. Remember to honor your artists while they are alive. They don't need to wallow in the mud to express their inspiration. They give the society's soul wings. This is something that Western Civilization is once again desperately missing.

The Facilitator of this message has an interesting idea with the Transcendence World Movement.

Pearly Gates Press Volume 2

Following in the footsteps of the Renaissance and the European Enlightenment of which I was a part, the beauty of humanity once again rises above the bounds of misaligned views and conceptual irregularities. The artist becomes leader of culture instead of the politician.

One thing I beseech you to do is take another look at the work of Nannerl my sister. She was simply brilliant! When I would come home after another long night of Piano Concertos, she would be secretly working out her own sweet dreams into realizations. She would praise me and I would say, "Someday you will be seen as the true genius of the family." There are several of her masterworks that are yet to be discovered.

Our father knew that a woman would not be able to produce as much money as a man, so he chose to ride me like a dog. If I had to do it all again I wouldn't have deferred so much of my own wishes to Old Leo. The bastard was so full of himself that he never allowed for the freedom of movement I desperately needed. I eventually died of his suffocation. My Requiem was as much for my unreturned love for him (Trombone Solo theme) as it was for my Earth departure (Dies Irae).

Super Channelings

Salieri was not quite a maniacal murderer; he was much too mediocre for that. Just imagine an uptight librarian who is terribly troubled if so much as a single book is out of place. Such a man might find some order, but never inspiration.

I still give concerts semi-regularly over here. The Plato Amphitorium is quite a magnificent venue. Beethoven and Haydn brought 1001 young musicians to hear my new work "Symphony of Saint's Songs", and I could just barely make out the group amidst the backdrop of souls. The work is a combination Opera and Symphony with Astral tunes used for themes much in the manner folk tunes were used in Nationalistic music of the 1800s.

It has been pleasant to use the mind of the writer to convey a few things I felt unresolved about. Although part of me has reincarnated several times already, part of me has remained ever your Herr Mozart."

Marilyn Monroe Ends Her Torment

"I have been dying to get through to the Facilitator for at least 3 days. I keep coming into his energy field and revealing what I have to say, but he has held me off, working on other things. Finally he has the time and space for me to get my emotion cleared.

This is something I have attempted with other psychics, but so often they brings some of themselves to the reading and filter out what might seem offensive to some. I know this Facilitator doesn't sensor and if anything can express my intention better than I could myself. I believe he calls this process Super Channeling.

There have been some gross misunderstandings about me, the era in which I lived, and my relationship with the president. JFK was the real thing. At the time, we all had such a history making feeling. John was going to lead us towards the potential that so many have actively sought to thwart. I was not simply his concubine. In fact we had many sweet and meaningful talks. I was willing to be somewhat subservient because I understood the magnitude of the circumstance.

At first you could call our relationship a fling, but we definitely grew bonds that became difficult for us both. We wanted to be together more than was possible and we both suffered for it. Hanging around with Frankie and Robbie, John hardened up us he had to in order to maintain integrity in leading the free world.

How could one justify being self-absorbed when we were standing off with the Russians and planning on going to the moon? John told me that his most lasting legacy would be to restore the money to the people of the USA. He said that this had to be done very carefully because there were enemies all around. I didn't fully understand this, but could sense that he felt this was a very dangerous thing to do.

On another note, I have no idea how you in your world can still think of me as a SEX symbol after all of this time (especially with the images you ingest these days). Don't be surprised if you find more of your beautiful young women ending up dead of a broken heart. I really just wanted to be Norma Jean and dreamed of living in a small home on a small farm with a man who loved me for me. The big screen image of the Starlet Marilyn made me larger than life and pretty

Super Channelings

much unapproachable.

I appreciate Joe's personal vigilance after the end. He was a good man with a small mind. We were friends and our relationship, though a mixed-bag, was one thing in life that was tangible. Elton and I were special friends in a past life which is why he feels our connection so strongly yet inexplicably. He is a beautiful person and I am grateful that he felt called to honor me with his music. In a way he was invoking my spirit and conveyed much more the truth of my being than your decadent mass media ever could.

The popular impression of me is so far removed from the reality of my soul being that I will be able to move on now that I have released a bit of vitriol. We all must make do with things less perfect than we might like. It is okay. Next go around, I will do a better job of accepting my circumstance and allowing my own Will to express itself no matter what. Your Earth is magnificent and life is fleeting. Make the most of it.

Love to you,
Marilyn"

The Ancient Greek Writer Homer Returns

Homer describes the aftermath of Troy's downfall and further illustrates under-recognized events and ideas from the Ancient Classical Era:

“The Iliad told of the Trojan War's last year, and the Odyssey of the journey home of he who was inspired by Athena to concoct the bloody ruse that ended King Priam's once mighty and glorious city. Odysseus's voyage navigating Poseidon's treacherous kingdom, was representative of the secrets of emotional transformation inscribed as a mystical adventure. This second of my Epics was to prepare the reader for the third which has thus far been lost to human history. In it was encoded the deepest of the Ancient World's sacred truths.

Much after my time, Virgil's exploration of the wanderings of Aeneas (the second greatest Trojan warrior on his way to found Rome) was the closest thing to the spirit of my writings and should be included in any Classical Education. Dante spoke effectively of Hell's Inferno and our pre-Christian mythology as recorded by Ovid remains a testament (though shallow when

stripped of its symbolic meaning), to the ability of the Classical World to probe deeper into the layers of life.

The philosophers Socrates and Pythagorus embodied these ideals in their esoteric teachings, some of which have also been temporarily lost. Many works of theatre such as those by Sophocles, Aeschylus, and Euripides along with the few remaining scraps of written music as recorded by Gregoria Paniagua evoke the aesthetic most accurately portrayed by the pottery which you display in your modern museums.

Zeus himself remains available to those who would seek his advice. Even now he tells me to say unto you, 'Though you have made your Lincoln into my image, know that it is I who am the inspiration. Those of you who are not confused by the reassigning of archetypal labels will intuitively know that I am a master schooled in the art of soul retrieval. Chosen to lead the other healers of light, I had the combination of Strength and Wisdom necessary to hold back the Titans of Darkness. Cronus had bastardized the transcendent teachings of Grandfather Uranus and turned them into some crazy dogma unrecognizable as anything but rule by force. His

Super Channelings

general Atlas is still being punished for his foolish attempt to stamp out the rule of truth.'

My Third Epic 'The Oracle' was written from the perspective of the Delphic Oracle as she tells the tale of Mercury flying over the burning ruins of Troy. There are references to Odysseus, Achilles, Hector, and Aeneas, but the focus is on Paris's Heart as it comes to grips with the ramifications of desire's indulgence in the moment of his death. There are many asides, including the death of both warriors Ajax, and Cassandra's manipulations of Agamemnon.

To the people of your time I say but one thing:
Seek to know thyself and seek to share what you find. You can not be convinced of lies if you live the truth. Often in the affairs of humanity, nefarious groups have come together to perpetuate philosophy that flies in the face of principle and the common good. In these times, the bold speak louder and the heroic wax poetic.

The Dream of Divine Humanity on Earth is not lost. Body-Mind-Spirit must be balanced to allow essence to come forth. Invigorate your own past and create newly brilliant conceptions in the present. It is glorious to speak once more and to do so through a conduit who shares my lofty

ideals and sensitivity to detail. The Muses have blessed him and much like the Delphic Priestess, he is capable of revealing whatever he turns his attention to, whenever he intends it."

Thomas Jefferson Comes Out of Retirement to Save the Republic

"At last I have found a conduit capable of delivering a message with the style of elegance and grace with which I am accustomed to communicating. One cannot deliver a cold and simple discourse to explain the intricacies of philosophy. Nor can the small minded individual appropriately comprehend the matters of history that are not concrete, but ever-changing.

Again and again your politicians refer to the sacred cow of the Founding Fathers in a manner of deification that implies argument is not to follow. As if we all believed the same thing and that which we believed was static! Nothing could be further from the truth as politics has always been a messy and evolving sport. Even from the beginning of the Republic there were those ready to betray her at the slightest provocation.

Using the technique of arresting debate by preying upon fears, baser minds have been able to temporarily gain the upper hand. There would be no reason for me to come forward thusly if a statesman of my caliber was doing this service in

the land of the living. Due to the void of leadership and the danger of our dream falling into disrepair, I have stepped into the light once more to give sense to those who respond to such things.

America was founded on the Mystical. As the children of the European Enlightenment, we were to be as Gods on Earth reflecting the Glory of Creation. Our inner circle understood things that many of you are just now coming into possession of as knowledge. To clear up a gravely mistaken point of conjecture, we were not referring to a Christian God of limited dogmatic leanings. We decided to use simply the term GOD, because this translates in every language as the Individual's concept of a Higher Power. It was the perfect choice and the consensus of the writers because of its simplicity and universality. This devolved as lesser men, knowing not the mystery behind the form, applied their own meaning and claimed it was our intent.

Oh how your destiny might have sprung forth a divergent stream had John F. Kennedy been granted a longer life! His path to the sacred was not unlike my own as he had a keen mind and mastery over himself as a decision maker. Getting to a point within where all

Super Channelings

choices and ramifications were seen on a continuum of possibilities partly ruled by chance and partly upon creative manifestation, he was ready to lead an American Renaissance. Historically, focus intensely on the months prior to his death. These are things to be recovered and magnified today.

As the Solar System vibration circumstance has changed dramatically, new methods of governing will have to be instigated. There will be an initial resistance that must be overcome. The evil beings responsible for the delay of an Enlightened Republic, are able to do so because they are protected by a cloak of magic from their astral plane manipulators. Each one of you can rise above this, but it will take great determination, stamina, and imagination; characteristics of the American Spirit.

On a personal note, please stop slandering my memory in the ways that are of your time. I am dead and gone friends. My love affairs and whims were signs only that I was human. I served higher principles as good as any man. I devoted my life to the dream of a better world for us all. You can still succeed if each noble soul takes personal responsibility for making a difference."

John Lennon Clears the Air

“It’s about time you take my message. I’ve been trying to get through for days. You’ll take Thomas Jefferson, but you leave one of your favorite inspirations waiting at the doorstep. I know. I know. You are creating so I will let it go.

I am frenetic and adamant in one proclamation. No one speaks in my name. You must not believe that Yoko is expressing my voice. By now if allowed to live my full life plan I would have made up quietly with Paul. We both would have put the past to rest and accepted each other. We had divergent streams that were meant to run back together. Perhaps we would have secretly recorded some tracks and left them for humanity after we died. It would have been my idea, but Paul would have loved it.

To my son Julian I have to say you have some reason to be bitter, but don’t let it rule your feelings of me. Discover me the way others do, not in the limited man, but in the inspiration he allowed to come through. It is time to heal and grow up. You weren’t meant to be a singer. Find your true joy and you’ll find peace.

Sean, escape the totalitarian thought influence of your mother. She used to be lighter, but life has been hard for her. She is associated with loss and it has worn on her very much. A type of Jackie O., she is obligated by society to play the role of a moment frozen in time. I have never forgotten our joyous times together.

Over here, I still write songs and perform at my leisure. Continuing work on developing my consciousness, I have re-discovered the deep beauty of brother George. It is a wonder we didn't foster his aspect of the Beatles a bit more. Perhaps it would have balanced the situation. Ringo's childishness didn't help. If you doubt it, feel for the substance behind his words and you'll come up with thin air. I loved them all in their own way, but I can't be associated with solely these lads forever.

After my arrival in the astral realm I tended bar to get grounded. At first I was furious at my death because there were some things at the time only I could do, and I was the rare person who followed through. Looking from over here and assessing the situation it was the bloody politics that did me in. I must say I never saw it coming. It was definitely a hit, not just some crazy fan, and you are a fool if you believe that story. It is the same

type of recycled BS used to cover-up all kinds of crimes.

Lately, I've taken to painting more often. This would have happened in my Earth life if I had lived longer. Perhaps I would be more like your own Cosmic Bloggers who take up the Love mission we got started in the '60s. Don't ever for a second believe the battle is lost. You are going to make it. There is much help coming from this side. Part of the point of pain is to liberate you.

Now get back to work and tell your mother you love her."

Elephant Oversoul: Love all Creatures

“In some cultures I am known as Ganesh, but that is merely one subset of the possibilities of perception. These parameters were formalized by one culture and are colored by the influences therein. Once an idea hangs around Earth for long enough, humans tend to adopt a default brain pattern. As we continue this transmission, remove the mental barriers and see again my true brilliance. I am the one mythological reality behind the many incarnated elephants.

Representing not just the acts of animals, but the symbolic qualities intrinsic to species and form, it is time to clear the air and make healing possible. When you see one of my images raging across the land and exuding hostility towards humanity, remove the snap judgment in your mind and look deeply into the truth of it. We are a very collective sort with long developed capabilities of love and empathy. When one of us is hurt, we are all hurt. Can you even begin to imagine the suffering we have incurred in the last couple of hundred years?

Even in the days when we were leading armies, we felt we had a place and a purpose. Today we

are discarded as if worth nothing more than a few pieces of paper holding the faces of butchers from the past. Many of you when confronted directly with film or pictures of us being slaughtered feel it is wrong, but blame only the one doing the killing. Are not the people behind the decisions which create the circumstance for this atrocity to flourish responsible in some way? How about the one who looks away, does nothing, and wraps themselves up in a blanket of distraction instead of resisting entropy?

There have been times when we have attempted to get your attention. Displays of unity and consciousness have been repeatedly made, but again and again you reference only your limited preconceptions and fail to see that we operate on a different frequency than you do. At last I have found a vehicle for expression through a kindly universal human who has it in him to take personal responsibility for bringing powerful change through profound understanding. I thank him and thank you for taking the time to listen to our unexpressed Will. In this greater environment of planetary ascension, it is at last possible for us to resolve the discrepancy between us.

We do not belong in zoos any more than the other trapped members of the animal kingdom. Injured animals that have been restored and could no longer exist in the wild may be enjoyed in the manner of some of your more progressive establishments who through good sense and personal honor create very pleasant environments which make for a better life than none at all. We need to have the space to feel free. A small reserve that gets smaller and is constantly invaded by unchallenged rule breakers is not a proper place. Then we are blamed by villagers when seeking food for our young!

Your kind and ours have had an unsteady relationship since the days of the woolly mammoth and Cro-Magnon man. We do not seek to be worshipped; we are offering friendship. Learn our language and through that bridge we can become more familiar with yours. On equal footing, we will not have a grievance which disturbs the tranquility that brings peace between beings. Please consider deeply what I have described and any individual who feels this to be true, send us Love. We will connect and over the years we can move closer and closer to sharing our Earth with each other and all of God's creatures."

Angel Buddha Christopher on God and Creation

Even as I reach out Now, I am connected to God. For those who react as if it is preposterous, I respond that it is more unbelievable that you are not. How dare anyone proclaim as off-limits the missing link! Things have changed and they will continue to change.

Those afraid of even the slightest provocation towards conflict tend to freak out over any little thing. Nobody benefits from such a weak position. Scared to make a peep on their own behalf, they wonder why nobody understands them.

There are layers upon layers of experience to uncover. Every dream and vision happens always. Luckily God is hipper than most realize. He says in my ear, "Oooooo, I am sooo scary," as He giggles and makes ooga booga hands. C'mon and finish this. It isn't so hard. Once you see, you will know why the message had to be transmitted this way.

Christ just stepped forward through the Father to remind us all that we are equal Sons and

Pearly Gates Press Volume 2

Daughters of God. The Holy Spirit is the Mother and the Soul of the Earth. Each of us is 1/3 of the Trinity. Although there are many individuals, the process only unfolds in the One and each time it is the expression of the Whole. Celebration vibrates to the Far Corners while our minds absorb the raining starlight.

God is aware of W., Chirac, Blair, Sharon, Condi, Rummy, and Cheney etc... Actually He says, "You have to admit there is a kind of beauty in Cheney; so perfectly he plays the scoundrel. I wish I could help the Anger which keeps arresting his Heart. Deep inside he wants to die and take everybody with him. This will not be allowed." Some of the others are like character actors in an old play. The new world comes when those of you who are self-conscious organize in a different way. Do this by recognizing each other and following higher ideals.

Buddha is not actively involved here. He simply waits for the dust to settle. Like a lighthouse he still shines through the fog to those who wish to travel to him. The 'Babaji to Yogananda' line of Masters continues to gently but firmly guide evolution of emerging souls. Osho will pop right in if you let your guard down. Watch out, he

Angel Buddha Christopher
may be looking for you. Barry Long is gone, but
has left behind tremendously beneficial maps for
the journey.

Angels are working closely with those called to
transmit the message of awakening over the
internet. Some of the fairy folk emerge in the
darkest part of the night to do what they can
around the fringes of human society. They look
after plants and encourage lightness of
mood. Over a long period of time, their
contribution adds up, making a big difference to
the default state of mind.

Of course entities such as Bigfoot, the Loch Ness
Monster, and Pteradactyls exist in the astral
realm. Occasionally, their world and ours blend
together, and we share space. It is no harm at all
and certainly nothing to be concerned about. It is
a beauty like Giraffes, Elephants, Hippos and
Rhinos.

Within every cell of every creature lives the
unifying presence. In that place, there is no
distinction of form. Primordial goo beats the
rhythm of Creation.

Angel Buddha Christopher: You Are Not Alone

Early in the process, each has to invent one's own path out of the darkness. It is a necessary circumstance. The empowering satisfaction of growth can only come when you decide to move alone. This is not to say the burgeoning Soul is helpless. There are facilitating indicators secretly planted all around by loving beings. The work that awaits you when crossing over the threshold is precisely of this kind. Seeing the struggling buds of hope, you will throw information fertilizer over the grounds to nurture nature.

From within the vines we see the chaos, from without, the order. Even war has its own cosmic role to play. We will awaken when we have suffered enough to be finished with it. Erasing brain grooves that seek a pain fix, we shift our energies to higher parts of the mind. Every being has this potential. Can we begin to fathom the tragedy of one who comes and goes, never finding this treasure? Some speculate that this is their choice/path and how Free Will plays itself out. But what if Life never got a chance?

Pearly Gates Press Volume 2

Children rarely emerge unscathed from a development which includes sometimes contradictory rules both spoken and unspoken relentlessly pounded into their head. How confusing to see that the gatekeepers often do not follow their own muddled instructions and the motivating machinations underneath tend to revolve around control. How can the innocent Love when their vulnerability is turned against them? They become hard and substitute the false for the real in efforts to find approval from their world so they can survive.

This intricate damage must be undone. I know some whose eyes fall upon these words have aching souls and that is precisely why it flows out to you. Otherwise there would be nothing to say, and we all would be laughing and loving in this realm and the next. That day will arrive eventually. It can happen for you NOW! Find friendship with the divine energy. God created the Universe so you can create your Life.

Oh my lovelies, I do weep for you on occasion. Sometimes I poke at the bubbles of illusion and see how disoriented you become. Gently I whisper in your ear sweet truths, and when you are not looking, I put happy pictures in your background. One day this

Angel Buddha Christopher

accumulation of Giving from all Service oriented beings will saturate and Love will be everywhere on the outside as it is on the inside of Existence.

Consider the animals who have always been your friends. To kill majestic creatures for encroaching on human territory as many city governments do, is a crime the Lord is concerned about. He could interfere, but then the whole experiment would be over. It is for YOU to interfere. Can you not understand that Life is Life and it is simply poor planning that causes these interspecies misunderstandings? You have had scientists and mystics explain this to you in a myriad of ways. How can we reach you and heal this scar? Maybe your weather would calm down if you would figure out some of these disturbances swirling in your collective psyche.

There are many among you who every day produce artifacts of transformation designed to uplift those living now and in the future. Often the people at large keep their back turned so as not to have the difficulty of being exposed to something which will disturb their slumber. Misers live in mansions and the godly often keep shop in a basement. This must be turned around. God's vessels should at least be afforded a healthy home.

In the skies just beyond our eyes are angels, often working with legions of people devoted to relaying their messages. Surely one must discern what rings true to their heart, but one must not be so scrutinizing as to critique themselves straight to an early grave with an empty life resume. Openness is essential for the light to shine through the window. Honor those among you who present the unusual in a magnificent manner. Their work is noted in the Annals of History and the Halls of the Akashic Records. I know our own translator of this message holds a hope that his various verbal lectures were recorded in this way. He is a crazy person whose main concern about dying is whether his collected works will be attended to on the astral plane.

No thing that has ever been, is, or ever will be, disappears completely. There will always be an imprint of its existence. If a tree falls in the forest and there is nobody there to hear it, it does not preclude the possibility that one day someone might arrive with the subtle ability to pick up the remaining echoes. If something occurs, there is no need to philosophize about the perceiver. Is it not the expression of the Creator none-the-less? As those of you with journals of your most

precious thoughts know, there is a sublime
beauty in something that is solely your very own.

Trust that there are others who understand, and they will find you. They are waiting patiently for the magnetism to take over and bring you close. Enjoy talking about the wonders of the galaxy. There is nothing to the myth of modern times. Truth has always been the same. Humanity is finally ready to accept it on a larger scale. Be patient with the process and steadfast in your devotion and success is guaranteed.

Good fortune in your endeavors.

Angel Buddha Christopher: Sail to the Stars in Love

Can it be but with grace and elegance that one sings of the Love in the Universe? Everywhere pulsing with Joy, the intrinsic beat of nature's rhythm squeezes every last bit of Life out of every single continuous moment to moment transition. There is no stopping Here and if you try, you will have no choice but to make up for lost time. Initially doing double duty just to stay afloat, the transcending humans eventually catch up with themselves and can ride the wave of glory to eternity.

Understanding beyond limitation is within reach for any who can Love themselves enough to accept the whole Truth. This is the essential lesson permeating all of the dramatic events unfolding upon the Earth. The scary darkness is merely a by-product of the emergence of a whole new realm. The horrors of war and the corruption of man vs. man has always been as ugly as it is today, only we are seeing it more clearly now. There is no way for this remaining past to ever rectify itself within its own subset of parameters.

Pearly Gates Press Volume 2

Occasionally brave souls have openly expressed the Love within their hearts in efforts to share the golden pathway to God. It would be hard not to tell a friend that the most magnificent thing that has ever happened continues to happen. There is no color, pitch, texture, scent, or delicacy which can do any more but open the door. Through the gateway there is brilliant fluidity which defies explanation other than to bathe in its healing energies.

Consider not meditation an obligation and begin approaching yourself with Love and acceptance. Allow relaxation to take over and release the thought knots/notes which use up your energy on an ongoing basis. Do not blame the butcher for giving you a rotten slab of beef and anger over injustice will subside. Sorrow is there to be fully expressed and finished. Holding back complicates the matter into something far more difficult. Tears of pain become tears of Joy when Light shines into the lonely shadow filled corners.

Cowards never begin while a hero's Love stays the course. Each will get what is their due based on the choices they have made in crucial situations. Anything hidden is revealed as it is by the vibration which sustains all things. You can not keep secrets from the all-pervasive

Angel Buddha Christopher

presence. This is not to say there is judgment. All will simply be laid transparent on the way. For some this will be thrust upon them after death in the Bardo. For those who willingly discovered the truth while on Earth, they will sail out of the body to the stars.

Angel Buddha Christopher: Children of a Conscious Universe

Tuning in to the highest Source, harmony establishes a flow that cascades like a mighty waterfall off an enormous cliff. The water vapor dances with the Sun creating rainbows wherever you look. Leaping over and through the light are fairies you can almost see through. When you become aware of them, they become aware of you. There is nothing as beautiful as a silent knowing between two beings of different realms who have found a way to connect. A rare pleasure, this opportunity is becoming available to more people as understanding compounds and the collective lifts its vibration.

When you finally stop seeking an end, the details become easier to deal with. Sometimes the every day moments of sharing time with someone you love take on more brilliance. Newness in the now of life adds the spark from within that twinkles in the imagination and encourages the heart to expand to the far corners of the Earth. Such wonderful and gracious support from the Conscious Universe comes to any person sensible enough to realize that it is possible. One can surround themselves with a cloud of darkness if

they choose to do so, but they must no longer seek to spread it to the children of the light.

You skeptical minded yet loving hearted humans had better learn to put the horse in front of the cart. Dismantling your own chance of salvation is certainly not the wisest course of action. It is good to scrutinize the fluff, but when the monumental comes across your path, be kind enough to allow yourself the time to consider it. Sometimes there is a delay between exposure and recognition. Capacity to sink into the frequency of a vibe depends upon the nature of your alignment, and the remaining thought patterns which color experience. In the crack between worlds a hand can be reached that a Soul can grab in friendship and determination.

There is a call beyond it all that echoes throughout eternity. Once you get to the end of your rope, it is the right moment to climb on back. Swinging there waiting for death, some forget where they have come from. Do not abdicate your divine throne over a few worldly tricks. Shake the cobwebs and return your mission to what matters. Every fear creates the object of its dread. No matter what the circumstance, the best choice is to radiate your own good energy and construct blessed thought

Angel Buddha Christopher

forms. Beware of that which seeks to control your state of mind. Observe the aggressive input from a distance and remain centered.

Beloved star people, the truth is so close to you. There is no distance. Just like a yawn, you are constantly cleansed of all unrighteousness. Holy is the kingdom you live in. Clear out your associations and see the truth of it: Holy is the kingdom you live in. To spell it out, your very residence is not as solid as you believe. There is a celebration going on right below the surface. You can scowl, but that will just make us all laugh at the funny stories we can share when you get back here. Humming beneath your feet is a universal equation that forms shapes which grow life. Blossoming in your chest is the One Heart.

Angel Buddha Christopher: Love of Earth's Vibration

If I could leap inside your mind and explode into a billion light beams I would do so this instant. In lieu of such a dangerously invasive maneuver, I will do my best to explain as many intricate details of the astral tapestry as possible. Expressing in ways that if you go along will turn into realms in the imagination, I open the floodgates and become a portal for the universe to flow through. Gently but firmly I lift you.

Fear not loved ones as you all indeed are and always will be a part of the Father. Always and forever will the Cosmic Mother be available to nurture you in the ways she did through the women you have known in your life. Your brothers and sisters the stars, reflect light back and forth to reveal an invisible but perceivable web that tells the hidden history of your journey. Very few of you are native Earthians. Perhaps 1 in 10 grew up from Gaia's mud. The rest of you have origins from all areas of Heaven and the Universe.

Pearly Gates Press Volume 2

That is what the blue-green planet, 3rd body out from the center of your solar system is currently committed to seeing through. Offering herself as a resting place for weary souls, the tough Love of Earth's vibrations will either burn the impurities or finish you once and for all. Although no thing disappears in this existence, forms can change and fragment to such a point to where they are unrecognizable. Either you unify and disperse consciously into the Universe or entropy scatters you until you are no more.

If you are seeing this right now, there is no need of concern as you are meant to learn the truth. The only question is whether or not you will do your part. If your mind is gibbering about channeling doubts and hesitations due to your current reality you only need consider what happens of its own accord. What does it matter where a message is from if it stirs your heart? Why hesitate when there is nothing to lose? One must dive into life and swim the churning seas boldly to arrive at the destination that always changes.

So many collect bits and pieces of knowledge and then parade around as if they know the final answer. This betrays their unknowing because there is no conclusion that suddenly lifts the

Angel Buddha Christopher

seeker from seeking to bliss. This is what Buddha discovered under the bodhi tree. It isn't until you've looked under every stone that you know for yourself that this is the case. Perhaps trust could save you time, but it cannot be false. The autobahn to heaven is driven by those who resist not. Opening the hollow bamboo, Truth itself takes root from the inside and becomes your personal chauffeur.

It is a joy to be here with you. I am with you even as you read this.

Angel Buddha Christopher: Heaven on Earth

Cast your eyes away from images of horror. Your life is shaped by what you spend time focusing your attention on. It is entirely possible to create a pocket of Heaven even in the depths of Hell. If you are lucky enough to become a syntropic force, you will find that the cracked dirt of Hell just needed a little water. There will always be places out of reach, and they are needed for the deep grounding of 3D incarnation. There will always be reds and violets to hold the oranges, yellows, greens, blues, and indigos of the world.

The children of indigo are simply children born with their third eye open. Anyone can gain the ability to read the history of the Universe directly from the Source itself as these enchanted ones do. There are no exclusive clubs and scattered dispersion of psychic abilities. With practice, we all have so many talents that we will be more than fulfilled through the expression of our creative love/life force. Focus your attention in the middle of your forehead anytime you wish to retrieve information.

Pearly Gates Press Volume 2

Deeper and deeper into your forehead... Your 6th chakra will give you a completely new and brilliant view of your place in existence. The falling star is falling for you. The frog king reigns over the pond so that you might sit by the side of it and listen to the frog people's songs. All animals are representatives of a whole kingdom. Ambassadors to the human race, they willingly take slaughter just to have the opportunity to interact with you. They care about you and the human species could communicate with all of them so much better.

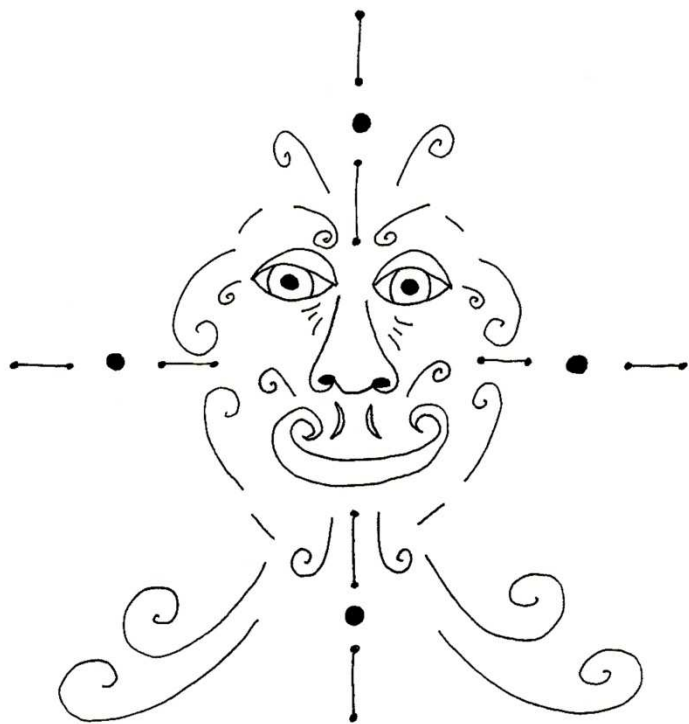

No human has a right or a need to bend any other to his/her Will. Wills can align and a strong Will can lift the undeveloped Will of one who resonates with the frequency that reveals their own potential. A true leader leaves you feeling empowered and more confident to carry out your own life of possibilities. The living master, aligned with the Universe becomes a gateway through which you can see/feel the mystery firsthand. This is a rare occasion not to be taken for granted. One who hears the ringing of the bell should jump up and take action now! There may not be a chance like this for many lifetimes. You are alive. You are here and recognize truth.

Dive into the possibilities. When Jesus said, "Come and I will make you fishers of men," the

Angel Buddha Christopher

receptive brothers dropped their nets and walked in the present to a whole new future. No longer simple people in a limited role mini-series, they became witnesses of the beyond. Resonating with light, they too moved into the world. In years, the contagious wave spread across the globe. This has happened many times in many ways. Even as each holy message flows, it also has to ebb one day. There will be a new version of the truth made available by spirit conduits to meet the needs of any given time.

Do not think that free play is without its own type of order. Too many linear thinkers have already done too much damage. Consider these words like raindrops bouncing off your DNA. Playing the codes like a keyboard, some of you will light up like a Christmas tree. Suddenly knowledge will reveal itself to you and you will get your mission. Read it clearly and do not hesitate or you might miss the sacred train.

Astral Visions II

Wizard of Words

Once again you decided to step into the whacky domain of the wizard of words. What is it that draws you in again and again to hear the dew drops falling from the lotus? What is it within you that yearns to know the mysteries of Existence? Somewhere in your heart you will find your Home and realize that it is everywhere and that you have always been here. How relaxing to be welcomed by every blade of grass and every glint of starlight!

Who else but the wizard of words could wave his wand of wisdom and erase years of propaganda in a single stroke? Slice the Ego off, and all the pain which blocks the energy flow goes with it. Self-interest immediately limits you by associating you with limited time/place events, and very small-minded goals. One may attain their goal, but if it is at the expense of others, the miser has earned nothing more than a way to isolate their soul from others who might bring Love and Joy.

Focusing the third eye as high into the stream as possible, the wizard of words uses his fluid mind to paint pictures that bring you to a place that has always existed within. It is easy to do when you

get to the point within yourself that is the same as the point within every body else. I am you and you are me. In your world, these words just happen to be appearing before your eyes. There are no coincidences, so for some reason this must mean something to you. It doesn't have to be a rigid concept. It could evoke a vague reminiscence.

Sometimes the Universe plays the wizard of words like an instrument through chakras resonating in harmony with the Aum. In the present moment unencumbered by interpretation, the perceptions which you-the-being receive through you-the-body suddenly pop to a whole new level. All the small petty concerns disappear because they never had any significance. Walk with grace and regard for Life, aware of each footstep and ye shall never fall, fail, or falter.

Each day the wizard of words discovers something fresh. Never will he allow patterns to set it, because the exhilaration of change suits his phoenix-like disposition. There is nothing left to do, but serve your natural purpose. Take the risk to allow the false imprisonments to be left behind. Forget fear by seeing that faith is a science of God. It is not simply a hope, but a guarantee when intent is met with the will to

Astral Visions II

follow things through. Being productive every day brings happiness when it is an expression of your being. I'll tell you the truth, that if this is not how your life is, your soul is enslaved to circumstance, one of the most awful places to be. Waking in the morning to your imposed fate, the life juice drip drip drips away until the smile on your face is like pressing a button.

It is necessary to take on illusions directly and that is part of why the wizard of words came to this Solar System in the first place. Where he comes from, angels are by his side, and imagination instantly becomes reality. Hanging in space as a constellation with full mythological honors, sacred principles are stored in his experience. Millions of years old, he took an incarnation much as one might take a recreational drug. Once on the trip, you have to ride it out. The tricky thing about being here is that you get addicted and keep cycling through lives, perpetuating the phenomenon. The drama, the love affairs, the anger, the personal karmas..... Once you distance yourself from this, the Sun will fill you in on the next part. Some of you might not make it, but you can never say that you weren't exposed to some of the information that might have made your own salvation possible.

Welcome to the World

The information you need is now readily available. You must consider with your heart as well as your head activated by the eyes which so eagerly peruse. Sorting through the subconscious externalized as the internet, the keen mind knows that the Universe will put the appropriate materials in front of them. When read with openness to possibility, miracles of change become possible.

Recently arrived in body form, it takes many years to gain knowledge and then freedom from the same. Head in the stars and feet on the ground, the spirit conduit flows truth to all who will listen. We educate the children for the outer society, but the inner reality is barely mentioned. Our inability to answer even the most basic questions about life on Earth is not mentioned. Instead students are taught in absolutes, which distort their thinking for a lifetime.

Upon incarnating, the spirit should be welcomed into an environment of relaxation, dim lights, and lots of love. The wise adult guides the young one but never controls the exploration. Delight in

God as He is so close. Watch the wonder and make it your own. Be humble enough to see the grace and beauty; do not impress your limitations upon the fragile flower.

Develop trust and friendship, while maintaining authority not by force, but by the sincerity of your convictions. Display in every moment the power of divine understanding. How you live tells volumes more than what you say. Many hide from wholeness, instead opting to maintain an intricate web of tangled contradictions. Splitting their psyche into many parts, the left hand never sees what the right is doing, and if the torso ever tries to tell either of the other, neither is open enough to listen.

Get back to a clean state of being. Consider every aspect of your existence again from the beginning. If you don't do it while alive, you will be forced to when you die. It is called the life review. Deal with the pain while you can heal and let time put it behind you. The Universe obviously knows what you are up to, and having set the parameters for this experiment is more than willing to forgive if you come clean.

Wisdom is Everywhere

With absolutely everything at your disposal, it is important not to be overwhelmed, but to start somewhere and wander around. Slowly you begin to realize what is happening and that although you have spent most of your life in a daze, when illumination is applied, everything falls into place. Give the process time and be patient with your own development. The problem is often in perspective, not in willingness to apply effort.

Your energy begins as a singularity, and then bifurcates as it enters into this dualistic land. Symmetry is beautiful because it means you've fully materialized. Some people may appear unique and wonderful, while others may show the karma of past lives in their inability to sustain a healthy form. Some need to be hugged so hard their insides crack and the dark prison finally lets in the sunlight that they forgot they loved.

Read on as if you know not what I am referring to, but we all have to carry the burden until kneeling to the creative force. Somehow feeling ourselves responsible for the natural way of

things, we over-blow our required duties and undermine our ability to soar unencumbered. Then we reinforce this foolishness in each other until someone sees for themselves the reality and awakens a friend.

A map is necessary. Nothing more; nothing less. One would be foolish to turn down assistance, and they would also be unwise to abdicate personal responsibility. Keeping balance above all things, a spirit warrior is free to dance as they please. It is okay to indulge and delight. These things teach you the deeper joys of non-attachment.

The wisdom you seek is everywhere. There is urgency as your body will die, but there is eternity for the soul to find salvation. The question is whether the 'one you are' will maintain continuity or not. If you cultivate consciousness and conquer fear you might have a chance. If you deny truth, then the pain of death will shock you into oblivion. Some of you will find ways to survive, but you will never be who you are now.

Armageddon of the Mind

Though we may see Armageddon in the outer world, the inner condition which brought it on is far more intense. The cosmic tug of war between light and dark is fought inside the mind of humanity and is merely reflected externally. The images on TV of this occurrence may strike fear into our heart, but is it not merely showing us what lurks in our own subconscious?

Angels of Truth have sounded and Demons of Darkness are struggling hard to hold their deceptive ground. Some humans consciously choose to ascend in light, while others grasp tightly to their Denials and shout, "I want it my way!" Heavenly friends may hurt for those who harm themselves, but they should not let it stop them from walking on inspired by Love from/for their Creator.

The winding 'this and that' path becomes straight and paved with gold when you realize that the destination is each step and the glow on the horizon is there so you know you are not alone. Flowing through invisible bonds between your Soul, the Sun, the Earth, and the Moon, the Aum melts away barriers, releasing enough

starlight to fill the entire Universe. A living constellation, you can write your own mythology.

Old ideas fall away and the implications of a crumbling edifice may take a few moments to settle. Pain of loss is fostered by emotional attachment to stagnation. For awhile we were allowed to believe that things had stopped, but borrowing from our own future, it was intrinsic to the situation that the explosion of pent up energy would inevitably seek its freedom.

Suffering is necessary and for awhile it had to be so. When the edges have cut you deeply enough to crack the mental prison and let the long awaited morning arrive, shadows flee, and the frozen places begin to melt, shedding tears to release the frustration. Deep breaths and inner hugs transform the ache to ecstasy and the joy of life becomes awakened, never to be lost again.

The Miracle of the Mystical

Words are thrown about in a million ways about a million things, but those which contain the most magic are the ones that bring you back to yourself and engage the release of energies that have lain dormant in the soul for aeons. A person may mistakenly seize upon one form or another and draw conclusions based on their own preconceptions, but that will not change the inherent fact that Truth cannot be captured because it is an evolving reality with a tangible existence of its own. We can however, align ourselves with this Change and evolve with it.

The most basic understanding that begets the beginning of the process which leads to sublime fluidity is to realize that you are not simply this tiny body in this small mind. A false premise imprinted at birth by the deeper layers of the subconscious says, "I am a 3D manifestation". We tend to look at the world and reference ourselves based on the experience accrued from the age of Zero to Now. This includes influence from parents, hometown, love affairs, jobs, conflict, sorrow, and suffering. Release from limiting self-definition allows mental rigidity to loosen and newly freed

past reveals amazing lessons about where you have come from and where you are going.

To enable this unraveling, one must surrender resistance to the ascension process. No individual knows the intricacies of another's unique personal journey, but encouraging the seeker from within the Universal Love behind Illusion, another who has already undergone the transformation, can share useful information about the type of things one might encounter along the way. Validation of experience is necessary so that the cosmic traveler does not start to feel crazy, and accept judgments of others that this in fact the case!

There are so many fantastic and transcendent experiences that can enter when Space is provided in the Heart. You must not perceive THIS according to the mental plane. YOU MUST NOT PERCEIVE THIS ACCORDING TO THE MENTAL PLANE. YOU MUST NOT PERCEIVE THIS ACCORDING TO THE MENTAL PLANE. YOU MUST NOT PERCEIVE THIS ACCORDING TO THE MENTAL PLANE.

Zen is our Destiny

Ancient mythologies of the world must be seen for what they are if a workable solution to the planetary situation is ever to be found. Within the context of a limited set of parameters, a cosmically palatable flow can never be given birth because it is intrinsically opposed to the expression of life – THE NEW. Just being old seems to give words credence in the mind of humanity. The older something is, the easier it is to lose track of the cause which creates the effect.

So much of what Jesus said is rooted in Existence and indicative of divine expression. Studying this Zen Master of the West, we can discover for ourselves the depth of his realization by practice of our own. The most harmful and anti-Jesus thing anybody can come up with, is to claim that belief alone is enough. Beautiful discussions on his seeds of truth again and again get cut down at the root by this simple but horrendous misunderstanding. There is no cosmic equation whereupon Jesus took your Karma. He provides tools with which to deal with your own Karma. The intrinsic nobility of ascension is that it is our personal responsibility to build a path to God. There is no escaping this process, and it is good!

Jesus is so much more than most Christians will ever know.

Muslims see the discrepancies of Christians, but unfortunately they are positioned squarely within their own subset of misconceptions. After being unacknowledged and abused for many years, they have rage and a desire for revenge. One cannot simply demand that this volcanic expression of Lost Will stop, because it will only polarize sides and escalate conflict. There has to be a safe receptacle for the subconscious lava to flow into, making room for peace. Within this tradition is an acceptance and understanding of the Mystical that can rise higher, unshackling itself from the societal conformities of any given era, and becoming universal in its embrace of moving reality.

Judaism is one of the planet's longest and most ingrained habits. Adherents claim to be God's Chosen People, causing enmity in those that they by definition oppose – everybody else. Moses was a law giver, not a truth giver. Even if it is taken on faith that the mighty stone tablets were necessary to establish order in the desert, to believe solely in this today, one would have to think that God is unable to grow and unable to communicate an updated message that would actually make sense

to the situation NOW. Also, most claims of Jewish descendants for land and justifications for HARSH actions come from the Old Testament which itself was written by their own ancestors.

If one were to remove these three religious notions, most of the current wars would immediately lose fuel, politics would drop its wicked bite, and Planetary Peace as a World of Human Beings would suddenly be possible. Over the years attempts to get this point home have been met with such hysterical resistance that momentum for the cause periodically ebbs. The beauty of a real solution is that nothing of value is lost and all we held dear is set free to become the full fruition of what it was meant to be.

Zen needs no belief. It is an antidote to poison and the key to becoming centered. Getting space within is the only way to calm the turbulent waters of Earth's Geopolitics. Transforming the small "I" body into the big "I" soul, we serve the Tao, not Bush, Osama, or Sharon. This is where the brainwashing comes into stark focus. Answering the call of our own heart, we see that all this outside nonsense has nothing to do with us other than to throw us back to ourselves. Being immersed since the beginning it is hard to find the way out, but when you do, you will stand on

Pearly Gates Press Volume 3

top of the hill and shout, "Alleluia! This is it! The miracle we have all been waiting for has happened to me and can happen to you.

On Top of the World

What is it like to be on top of the world? Why don't you ask yourself, or have you forgotten what your feet are upon? Sure there may be a floor, a bit of carpet, or some such thing, but just beneath is the sheath of the planet Earth. Radiating outward is the energy pumping from the Heart of the Earth herself. Not to be denied she Loves in spite of misery and despite many spitting upon her. Buddha's blessings were given from the Earth through him to the people. This reveals the true gifts of the Lotus Paradise.

So many colorful qualities in people! Share and enjoy without forgetting who you are and what you came here to do. Find your role in the expression of Love in the Universe and fulfill it. That is what you long to do. That is what you are truly here for. Keep all the information outside your sphere and manage it with awareness. Do not ever let it in too deep, and never let someone else, let alone a content controlled picture box, do the thinking for you. Find your source of inspiration and let it flow and flow and flow.

Do not hold on to pebbles and cry about never finding gold. There are many different types of energy exchanges. Make sure you are engaged in healthy relating. Learning what it is that is happening inside of you is a good place to start. We have not been educated all the way yet, and many teachers are stepping up to fill the void. They are out there. Seek them and listen to them. Do not let foolish pride keep you from healing. Some sacrifice a lifetime of joy just to not have to say they are wrong or they are sorry.

All is forgiven and all is as it should be. Come home to the temple inside of yourself. I know the noise of the outer world is tempting and tantalizing. It has been that way for ages and thankfully the depth and sanctity of your inner world has been waiting for you. There are many questions and they will all be answered in the realization of your being. There is purpose and meaning behind your existence. There is a dream to be awakened and a mission to be accomplished. It is a blessing to be here and be alive this moment.

Source, Soul and Body Glow

Powerful and true like the night of the full moon, the luminescence of creation invigorates both animate and inanimate objects. Everything everywhere is moving. If you focus your inner hearing to a point which pierces the veil you will hear the humming that always surrounds you. If you merge with this hum, it will overtake you and start playing your heart like a musical instrument. The pain of many lifetimes will be lifted and you will see your true purpose. If you can carry the memory back with you, you can strive to reach this full actualization in your every day life.

To reveal deeper truth in words one must either wax eloquent or twist in a way that is just unexpected enough to suddenly make room for something new. Once a person has been exposed to the greater reality, they never forget. Some sad souls choose to stuff the memory and trudge on in their mundane affairs as if their smile actually means something instead of taking the sometimes difficult steps of asserting their individual independence. Chit chatting about nothing with friends of the same ilk, the ache of their suffering sounds like a room of weeping widows.

Vibration shoots through the sun to the soul and into the body. You walk around glowing your secrets to anybody with the Eye to see. We can work our way backwards to the source even as the salmon swims upstream. As our muscles get stronger and our Will is emboldened by success, each moment of the journey forward compounds the intensity of the spirit to arrive at full expansion. Soon we are giving off our own hum as a result of the splendidly skillful manifestation of the implications of truth. Reflecting on the lessons of experience, each opportunity leads to a better one. Instead of a spiral down, our path begins to wind its way back up.

Interpretation is not necessary. Leave these words where they are because the devil in this case is not in the details. The harmonic resonance of the pace and encoded geomancies lies beyond the reduction of meaning into the common lexicon. New pathways must be forged in order for transcendent potentialities to be revealed. Let's start with wherever we are in this moment.

Hopeful to be helpful, with the inescapable desire to reach the brightest star, a soul with the courage to make the mission their own will never fail if they never falter in their faith. It is not difficult to

Astral Visions II

pour water through an empty tube, nor is it hard to get a bird to sing in the morning. For emerging heroes born to guard the truth, to be one with life and creation is as natural as it is for a baby to seek the warmth of a mother's embrace.

A Key to the Fountain of Information

Those who hold a key to the fountain of information can unlock the dream from the concrete cage and restore the shimmering luster that was once commonplace upon the Earth. Waiting for something to change is foolish when change is the nature of the Universe! The illusion is “that which stays the same”. Much as people like to believe in their own self-identity, in the politics of their favorite government, or in the holy dogma that keeps their soul from being born, it is an effort in futility. These false idols will be stripped away because they only relate to the 3rd dimensional small world of incarnation in the Body/Brain.

Sure, to those trapped in Hell, Heaven seems very scary. They see subversion in freedom because they do not realize that the most dangerous technique of Control is to masquerade as Liberation. No eternal happening takes place solely in the Body/Brain. The Body/Brain can be used as a device to translate cosmic experience into words in an effort to shake the psychic self flagellators into taking it easy for a second or two, but this is always simply a means to a greater end.

Feeding off of the pain, Devils take themselves farther and farther into the dark unconscious hole of woe. "Come HERE!!!" they shout. "Why are YOU doing this to me?" Beware mon frere! This is how they catch a tiger by the toe and turn him into lunch meat. Demonstrate resistance by dancing; elevate existence by laughing. No one will awaken before their time, but those who fail to make it their time will be lost without a trace.

As if we are all helpless HERE..... What is the best case scenario? All wars, violence, lies, hammering propaganda, and dead wrong values disappear and a more enlightened, balanced, sincere, and loving world that implements already discovered scientific principles to the benefit of all humanity is one example. First a flag must be planted where you are standing. Lifting ideals and sharing the divine world WHICH ALREADY EXISTS is the first step.

A shift of focus must occur. I remember a "Simpsons" episode where living corporate logo characters were tearing up Springfield and the only thing that saved the town was a song with the message, "Just don't look. Just don't look." Every day when the sun rises, the birds sing outside of your bedroom window. It can be

Astral Visions II

translated this way, "Glorious human, this is your lucky day. God has given you the gift of life for you to do anything you want with. This is your Home and you are Loved. Join us in the Garden to express your Joy."

Love, Peace, Friendship, Honor, Loyalty, and Truth

The prophets of old were speaking of something which the new sages have known for ages. Simply sitting on a shelf for 1000 years does not in any way add validity to a tome. Every word must be examined for pertinence to the present. Anything that binds is sowing seeds of discontent, while that which frees remains self-evident.

Finding gold in the most likely of places, Heart pumps out Love energy to the ends of the Earth. Those who have refined their taste to this delicacy of the Spirit will not be disappointed for spending the time sorting out the idiosyncrasies. Where each of us is right now, there is a key which can awaken the ability to perceive beyond the physical world represented by the cumulative impression of our 5 senses.

You cannot get used to that which is always changing. Mind reflects in concrete terms, while the motion in fact never stops. Buzzing atoms continue to mold to various forms due to certain properties of Physics. Try gazing blankly instead of focusing intently. Seeing all, we include the

slice we used to know with the perspective of the whole.

Those who seek fear so they can worry and feel like they are doing something must beware of your habit. Drawn to paranoia, one can forget the happy world of nature and replace it with the monster around every corner. Good news is more thrilling than bad when you prioritize understanding over sensation. You focus on what you resonate with.

Once limited context is gone, your third eye will begin to reveal the next higher layer of the universe superimposed over the one with which you are familiar. A mere thought of a spirit will draw it near, and you will begin to get messages for those around you. Delivering them may give you hardship as you often run straight into fear, but over time the necessary difference will be made.

Things get really interesting when you can put your Will behind your Vision and Manifest a Reality which contains Love, Peace, Friendship, Honor, Loyalty, and Truth.

Harmony, the Golden Prize

To pull the Chi up from my toes and explode it out of my head only requires a mind that is free of distraction, a heart that is open and flowing, and an energy system resonating chakras in harmony with one another. Then while connected to the Earth and through her to the Sun, and beyond this to a space of Christ Consciousness unbounded, I can rain the truth down to the drought stricken dust of impoverished souls. Drink deeply; this will make room for many more and greater revelations.

A key to being receptive no matter who you are is to not allow the outer circumstances to cause you to justify acting as if faith is not enough to make all things possible. The journey may become trepidatious and fraught with unforeseen challenges. This spurs the hero on to greater triumphs while it disheartens the weak and those not self-loving enough to feel worthy of their rightful place in the house of the Father. Hold on to the image of what you want to Create and make sure every step is in that direction. If you are wandering all over the path, there is nothing wrong in it, but the consequences must be accepted as your own. The Universal laws are all

right out in the open for anybody brave and quiet enough to take a look.

Ideas are wonderful and kindness towards friends is even better. Do people smile when they see you coming? What happens on their face when they think of you? This reflection when viewed honestly can become your best teacher. Learning the lessons of life is an ongoing process. Class is never over and the day will not come when there will be no more knowledge to acquire. The growth of expansion is the essence of who we are as beings of Light. The circumstances we encounter are the triggers that give us the opportunity to activate this essential truth. What fulfillment at overcoming doubts and hesitation! Being aware of who you are, coming to terms with reality is not far behind.

Shed tears and be done with the past. Shed fears and be done with the future. Sink in as deeply as possible to this moment. Even these words become nothing more than a link for you to be here and now. Come into your home; feel what it is like to illuminate the body with the soul. Encourage the vibration to increase and let your attention ride the wave to new heights. Seeing all around you at once with full insight into the whole of existence, you are deadly

Astral Visions II

silent and powerful in your brilliant presence. This is the greater reality that awaits all who are ready. There is nothing off limits to one who is ready to risk their burden for the golden prize.

Awakening Souls Around the World

Join me in the stratosphere for a few breaths of fresh air. Unpolluted by incorrect thinking, the subtleties are not lost. In fact they are enhanced by the brilliance of newness that is deep inside all of life. Pristine like a spring rain, the fountain of youth is really the expression of God's Love. Drink deeply and rejuvenate your spirit. The journey is long and there are many obstacles along the way. With fortitude, friends, and faith, the chances of arriving at your goal are greatly enhanced.

There is a soul hanging around the body and in between can be much confusion. When focusing on the "I" of the body, the noise is in control. When focusing on the "I AM" of the Soul, you are in the freedom of space and can harmonize the noise into a symphony of creation. The Soul has a direct link to Source and when contacted can flow to you the truth of life and the meaning behind your own incarnation. Reading good books can enable you to more readily perceive the nuances of this Universal language.

To foster the release of the Soul seedling's potential, give it room to grow. When you hear the voice of intuition, remove the doubt that crushes it. Reality is far-fetched. You must allow your mind to wander to intricacies outside of your frame-of-reference. After all, you are trying to put the ocean into a glass. Luckily we don't have to put a lid on it, so the water can just pour all over the place. Allow yourself to giggle at the absurdity you suddenly realize was the case all along.

In one way, every day is like any other; in another, each is as different as the leaves on a tree. Creation is a composition called "Infinite Variations on a Theme of Life". If you listen closely enough, you will get to know the composer. If you open up to the energy and allow it to move you, it is very likely that you will add your own variations to the universal repertoire. In fact, we each play an irreplaceable role in this collective work of art. Even if you say you don't want to participate, at some point you made a choice to be a character in the play.

Embrace your role and dive into the performance. If acted in totality, all roles will be transcended and the grace beyond individuality will descend into your heart. Here you will see

Astral Visions II

that you are all of the actors in all places. You've been so busy entertaining yourself in all your forms, that you've never stopped the drama to take a break. Just like a teenager with a new video game who stays up all night to get to the next level, you have been obsessed with seeing what happens next. It's alright, we'll all find out soon enough.

You Are Hypnotized

Pretty pictures fill the mind with delightful dreams. The system closes in upon itself and the associations made by flashing images creates an artificial reality much more comfortable than that which lies outside your door. It is easier to believe in cattle feed than to sort through the details of world history, psychology, sociology, art culture, and spiritual tradition to put together a view of life on Earth that includes the nobility of the soul creating its own destiny.

For those that think, "Yeah, I agree. Other people are really screwed up," consider that there is more than one layer of illusion. Even an adolescent can figure out that what is being portrayed by various media is ridiculously skewed. There are thousands of things in the background that are taken as a given that are not necessarily so. Societal context colors everything for those who have not traced their own life back to day one.

Remember all the facts and figures you were taught in school? How many of those ideas have been logged and forgotten never to be questioned again? Of course all the family values given to us

by our parental figures are solid, right? Even the supposedly good creates an elaborate superstructure that clouds the effort to reach the ultimate truth. In fact this can be one of the most confusing temporary intellectual stopping points to overcome. Our attachments do not want us to pop this sacred bubble and although we may question some things, we can develop a blind spot that undermines us in subtle ways every day.

Further, there is a whole other level of basic worldly perception parameters that we may not have even considered. Do you notice colors, textures, tastes, sounds, etc..., and differentiate them into categories that then get stored in various areas of the brain? A reflective look takes this in, but does not allow the synapse grooves to interpret the occurrence into a more limited view. Of course we can acknowledge sense parameters, but there is no need to think about them, because as soon as we do, we lose the next moment.

Many forces on many levels work to pull us in a plethora of directions. People often adopt roles for changing situations that their mind proves to them is necessary. It is not. Only when arriving at our own center can we maintain consciousness amongst the wild activity of the jungle and its

Astral Visions II

inhabitants. Consistency of self remains on an ongoing basis after the hierarchy of control mechanisms are dismantled with thundering awareness and truth is upheld by the courage to live as it is perceived from within.

As usual those who think they know fool themselves. There is much material to cover, but no concrete solution will ever be found. Information is digested so that when presented with a new circumstance we can be alert enough to spontaneously handle the situation. We can then take over the steering of the body-ship and chart new waters with a joy nowhere else to be found but in the expression of a heart that showers its love indiscriminately to the whole universe.

There is No Way Out But Through

There is never going to be an easier time to deal with that which remains to be healed. Hiding only delays the inevitable day of reckoning and adds to the life time wasted in misery. Why torture yourself like some deranged masochist when you can admit the truth, transform the energy, and set yourself free?

Imagine living in a hole, deep within the ground. You only allow yourself the smallest pleasure and even then you feel guilty. Sometimes it rains and sometimes the sun shines, but there is barely enough feeling left to take note either way. The goal is to merely survive; not to live, but to put death off a little longer.

Jump out of it! Do you think you have the luxury of complacency while the society...while civilization itself crumbles!? Forget the frowns that are always ready to arrest the truth. Those faces are the ones that will "freeze that way" to their own eternal detriment. Ignore their grumbles and show them your smile. There are always a couple of people who are ready to join in. Then together they can add more and so

forth...

When enough of us join the party, our celebration can be organization. We can hold up signs of protest (which are necessary in a limited sense), or we can put the best minds on the planet to work on real flexible lasting solutions to world conundrums. Purposefully affirmative methods will blow the polarizing demigods right out of the realm of ideas.

Should a country destroy cities, or provide medicine for the people? Should it help the best and brightest go through higher levels of university without crushing debt, or are there more imperial conquests to be embarked upon for the interests of not the nation, but the corporation? Somewhere, somebody is sitting in a penthouse board room on a pile of cash laughing at the peons who no matter how obvious things get, will just not think for themselves.

Covering the Achilles Heel of the Soul

Polarization is occurring on its own. We as human participants will just find ourselves on one side or the other. One side will be Unconscious and one side will be Conscious. It is impossible to sit on the fence.

As those heading towards the Conscious side will find out, the ultimate weapon of the Unconscious is to accuse the Conscious of "Hate" when they express the Emotions that have been frozen. Those heading towards Consciousness are sensitive and loving. An accusation of "Hate" comes as a terrible blow to a being of Light. Beware, for this is the ultimate tool of Control. We need to cover this Achilles Heel of the Soul with Thundering Understanding.

The Unconscious hate themselves and so draw that to them in the outside world. If the Conscious are there, the Unconscious will do things until "Hate" rises in the Conscious. When the Conscious responds honestly to their feelings, the Unconscious will then accuse the Conscious of "Hate".

For the Conscious this is debilitating. For the

Unconscious, it adds fuel to their fire. This is how they feed off the Conscious and keep them from growing. The Conscious are expressing honestly to approach the “real” which is a reflection of Love. For the Unconscious the “real” is what they fear the most. They will do anything to stop it from disturbing their Denial.

Love seems like Hate to the Unconscious because they Fear the Truth. The Conscious Hate to be Hated because they can't stand to be misrepresented, and that is the trap. Feeling compelled to clarify, they will be lured into the Unconscious's trap. Each explanation opens the door to more Denials. Consciousness's energy gets used up, and the Unconscious feeds on the pain.

You will see these divisions increasing all over. God is sorting out the weak from the chaff. All spirits will go where they need to go for what they need to learn. The shadows will lurk in darkness while the stars will take their rightful place in the sky.

Beyond the Mind Edifice

Magnificent words that come from higher dimensions do not do any good if they are simply processed in the mind and interpreted according to disposition. How can Wonder enter into the world of preconceived parameters? A good story can be interesting, but only truly serves the divine purpose if it awakens something beyond the norm in the receiver of the transmission. To the one who has lived only in the mind, the hardest thing is to let go of the illusion of knowing and the sense that they have to control their environment. There are ways. The trick is to get you to jump out of everything you have ever thought life was all about. Kicking the human children out of the nest, it is finally time for each to fly on their own. Spelling out the details, perhaps we can find a crack in the mind edifice to slip through.

So much gets crammed into the 5 sense Earth body that it shorts out. This can manifest as mental illness as well as later...physical sickness. All of your prescription meds are vain attempts to alter the body/brain chemistry that excessive mental input has destroyed. Trying to live out a myriad of contradictions, all actions are

disconnected and serve no greater purpose. It is good that it takes time for prayers/intent to manifest. If everything people thought just appeared, we'd be doomed. Things will surely come around our thoughts if we hold them over time. We must untangle the goop that is stuck to our innards then with space and a fresh perspective, we can see for the first time see our life path and create something that will contribute to our own wellbeing as well as the peace of the planet.

Without the strain of other people's pain, your body attains a new health and ability to perceive subtleties. This then makes it possible for your Higher Self to fully enter in and the Two become ONE. Rediscovering everything over again without the taint of mind is a pure pleasure. What a joy to have full intelligence and the newness of sunrise in your heart! Each moment becomes a miracle and you give thanks not from repetitive habit, but because gratitude bursts from your soul. You realize so clearly what a gift life is and how precious every last being is... Even now I feel blessed to press each symbol key that unlocks the doors to the mysteries of the universe. Out of nothing comes something. Something when shared becomes

something more. Dancing without reservation, the celebration is at long last joined.

Tales of angels and demons are entertaining and indicative of something that is in fact the case. The meaning and reality is quite different than anybody that simply lives in the mind can realize. Here is where the language of mythology points you to the abstract that stays abstract. The left brained prove-it-to-me people will always say that evidence is needed on their terms, but what to do if reality has its own way? Tell them to open up their hearts and embark upon the journey of discovery so they can see for themselves. Sometimes you may start a course for one reason and suddenly find out that destiny had altogether different ideas. Once addiction to linear thinking is broken, the multidimensional possibilities add a richness and dignity to humanity that will easily relieve the sting of admitting ignorance.

Wake up World!

Even as the political situation disintegrates, the cosmic community coagulates. The end of the Old World is taking place right alongside the beginning of the new. Looking elsewhere for the occurrence simply shows that the seeker has yet to realize the happening is here and now. There is no other place and time. 90% of the Souls who have ever been are once again alive in this era to witness a momentous event in human evolution.

We can call it the dawning of the Age of Aquarius or the Ascension into Universal Humanity. We can call it Spiritual Awakening or Meditative Enlightenment. Whatever name we ascribe to it, it is essentially Self-Awareness empowering Individuals to take over conscious creative control of their own destiny by connecting to the Source through the Soul. In this way Man's Will and God's Will become one and the blueprint for Existence becomes actualized. Those who think they have higher priorities residing in worldly affairs have grossly misunderstood the purpose and underestimated the significance of being on Earth.

When wrapped up in the details of personal

ambition, to look outside of self-identity at the truth of being on a planet in outer space seems too inconvenient. To consider your impending death....that's downright morbid! Or is it? What else is going to keep the razor's edge of Life in your Mind? Nothing crystallizes this tremendous gift of opportunity better than to realize that it will be gone one day. Shirking hesitation for exaltation, you become free to dive into yourself and release your natural talents.

The better you are, the better everything in your life will be. When work is necessary it can be done with a calmness and originality that wasn't there before. Relationships will become nourished by validations that are no longer left unsaid. Love no longer rests upon the shelf but becomes an everyday thing. The more you give the more you get in return. This is the Law of Abundance. The more miserly one acts, the poorer will be their spirit when the decrepit body finally returns to dust.

A clarion call is not nearly loud enough to reach ears that have been sleeping for lifetimes. If I could personally look into everyone's eyes and give them exactly what they need I would be happy to do so. Often this is not what the person thinks they need. The road home goes through

the thorniest territory. When the horrible reality of the cage is first looked at, it is likely that the grumpy sleeper will blame the messenger. That is why the messenger has to be skilled at delivering the goods.

It is old news that Christianity is full of hypocrisy and its reptilian rituals were organized in Board Rooms, not in Heaven. Of course we all know that the loser in every war is Evil and the winner Benevolent, right? Nations with their borders exist everywhere don't they? Just look at that big black line floating in the sky between Canada and the U. S. Where does that crazy thing come from? Well, we all know we have to protect what's ours. Let's just get this over with, "MINE, MINE, MINE!" Once again we see that George Harrison was slipping us a gem, "All through your life, I Me Mine....."

Spoiled children don't deserve the Kingdom of God. Holding onto misery they cry, "Why won't He let me in?" The door has always been open. The punishment humans feel has been given to them by each other, not God. Take responsibility and stop whining. It is not such a big deal. The impossible will only become possible if you believe it to be so. Miracles happen every second of every day. Where have you been?

You Cannot Activate DNA Linearly

Shall we go over the rising vibrations on Earth that even now lift us more into the mind of the Sun? Perhaps we should explore how the Earth mother and Sun father share their Love in the expression of Life. We make our Heavenly parents so very joyous when we become self-conscious and appreciate with gratitude that we are alive! Even if we were to examine the implications of the Aum vibration that invigorates both animate and inanimate objects, we would never arrive at any conclusions. We would possibly start to dissolve some illusions however.

What if we were to talk about the scary governmental machinations across the globe and how they are but a reflection of humanity's unresolved subconscious? After all, there is something inside all of us which causes the reflections we see. There is nothing but the observer and that observer is the same in each one of us. We mistakenly think it is "I", but this "I" is every "I" and at some level is an "EYE" which is fully aware of the multi-fercations and the ONE simultaneously.

For those of you who might reply with some smart ass comment about lack of coherence or that I must have done some crazy drug to write such madness, you will never know. But what I can tell you is that YOU CANNOT ACTIVATE DNA CODES LINEARLY. Eventually we will highlight all the pieces. Do you see that in the now even reading becomes a different process? Only this word. Only this word. Only this.

We have had enough content that is 'ever so factual'. Is this really going to serve any purpose anymore whatsoever other than to bore our asses off and provide cover for the scary lunatics who aren't willing to take responsibility for anything? We all know that if you dare question an average American, the first thing they will do is blame someone else. Not even a pause for self consideration, so many have thrown away the Awareness key long ago because they mistakenly believe they know something. It is for absolutely nothing that you protect your misery.

What if a golden spoon appeared under a crescent moon? And upon this there was a cherry and it was said that this particular cherry if eaten would reveal everything that is necessary to solve all of the world's problems... Who would pop

Astral Visions II

the tiny fruit of wisdom? And would all of those left out of 'the know' ever acquiesce to the will of the awakened? No doubt the newly christened sage would hurt all of their feelings so much that they would lynch him or her. But like many sages before, they will keep on spilling the beans.

Hoots and hollers from the audience emerge while true devotees make themselves known in the most wonderful of ways. No one will reach everyone, but if someone reaches someone else, hasn't something been done? This is no conundrum to be stuck upon, it is more likely a form of proclamation that it only takes a gesture, an expression, or the subtlest of winks in the energy within your eye to make it known that you are a part of creation.

A final point that must always be remembered: Outer space is your inner space.

Discover Your Own Transcendent Truth

The truth is we can go farther and farther still. When we can finally conceive without conclusion that there is no stop, then we can fully enjoy the Go Go God. When at last it dawns on us that stagnancy is death, we will embrace the change and luxuriate in the rejuvenating influx that never ends. The question of how to link to Source is a simple one. It revolves solely around the efforts you put forth in facilitating the process through paying attention to what is occurring on an ongoing basis. People are not enlightened because they do not seek to be. Too wrapped up in pettiness and mundane affairs, they use up all of their energy and opportunity, finding peace only in an early grave. Even in this case the body rests in the dirt, but the spirit remains continually tormented. Human emotion is a type of drug for the addicted ghosts, often causing them to immediately leap into another body. An urgent newly deceased energy entity can even go so far as to draw a man and woman together by force of will from the astral plane to open an incarnation portal. This is particularly true where alcohol is involved. It makes room for the undetected entering of this influence.

The etheric double is not the Soul. It is the body's energy equivalent. This is what survives death with the personality still intact. So there you are in the astral realms first vibrations, which overlap with your former reality. Where you find yourself is really not that different from what you are used to...in some way more brilliant and fluid. Very dreamy and magical, it is actually a relief of many burdens associated with the body. Gravity is not as prevalent since the body is no longer there. You are light and free, traveling with but a thought and inclination. Soon you will encounter old friends and life goes on. For some who had a traumatic crossing that pierced into their mind and remained with them even after the physical passing, there is a period of rehab. This situation is monitored by guides and the equivalent medical/psychological assistance is available upon arrival.

The few individuals from Earth who had dismantled their Ego and personality imprint while alive will have another kind of experience entirely. The colloquial phrase which comes to mind in this case is, "The World's Your Oyster"; then apply what that phrase represents to the whole Universe. Some will share long visits with the entities which exist in the realms beyond

Astral Visions II

form, space, and time. These beings have many experiences to share. It may take a million years, or a split second. Once you get this far you can jump in anywhere on the time line anyway, so it is irrelevant. Many who remember themselves to this point will assist evolution on planets here and there. Jesus and Babaji have agreed to be governors or caretakers of the blue-green planet Gaia. Some of the masters traveling through such as Buddha, Osho, and your author come from other star systems and have been around for ages. Take this chance to open to the vibrations available and discover your own transcendent truth.

The White Light of Star People

Where does it all come from? These words emerge out of nothingness even as every blade of grass springs forth from but a code intrinsic to the seed. Appearing and disappearing in time, all things are fleeting. I beg you to reconsider your conclusions. Behind every known is but another unknown. Pain comes from giving too much credence to temporary manifestations. Your being lives outside of these limited phenomenon. Your godlike nature transcends everything you can consider.

I'd love to rumble you from your toes and shake off the flaking paint from your personality wall's woes. Perhaps if I shimmy up to your ear and shriek a piercing pitch in a very disconcerting slightly wobbly tone, suddenly stop, look you straight in the eyeballs and whisper, "NOW THIS..." you will have a moment truly in the present. So many things that you haven't considered for so long lead you to falsely believe they are a permanent part of you. What does a new born baby see? Does it yet know the colors red, green, yellow, or does it differentiate between this and that? Does it even know that everything it sees is separate from itself?

Mind tends to embrace pattern, and after a pattern has been witnessed a number of times, it gets filed into the known category. This then dulls the perception of the new now when it is taken for granted that what is being seen has already been experienced. If you have been in the same room 1000 times, can you still see the magic and mystery bursting just below the surface? Looking in the mirror, do you smile about the fact that you are even here and how absolutely preposterous the whole notion is to begin with? If you asked even some of these questions and then went out into the world, no one would be able to transgress against you, because there would be no-one specific there to transgress against. You would see that you are a part of a flux that is in and all around you.

A few sources of information cross reference until they become a focal point for self-consciousness, but they never lose their connection to the heartbeat of existence. Even as you read this, wonderful things are happening. You are one whacky creature human! Walking around in your body, running things through your mind....what luxury you grant yourself! Patiently the Soul waits to recollect all the experiences of every incarnation. Then you can give yourself the 3rd birth into Christ

Astral Visions II

Consciousness. You are born again in the process of awakening, then when the mission is complete, you get born a third time. This is reuniting with the originator of the whole plotline. Here you will be free of all condensing concepts, floating in space and happy to remember what the whole thing was about.

I am so glad to reach eyes, ears, and hearts that care about such things. One by one star people are emerging and together we are turning the cacophony of suffering into a symphony of joy. Welcome to Earth my friends. It has taken awhile to go through the whole transformation, and I know it is perilous beyond compare. Thrill seekers who do the fantastic, are just playing around with the great thrill we all dared to take call Life. I honor you for your decision and strength. Every one of us here is already powerful. A little Black Magic has turned the easily influenced into sleeping dreamers, but a little White Light easily clears that up.

On the Path to the Christos

Standing at the threshold of incarnation, our Spirit gets ready to make the leap into the Time Portal with full Consciousness of what we are doing, and prepared to live out the life we have planned for ourselves with the assistance of guides and angels. Once in the Vortex to the 3rd dimension we start feeling the compression and for many this sparks an intense dread/memory of the forgetfulness they barely remember from their last attempt at embodiment. Soon this no longer matters as attention gets drawn to the body we are to inhabit. Finding ourselves in a womb, there is nothing to do but to breathe, and wait.

After a long steady period of growth and relaxation (that is if the mother doesn't smoke, drink, or eat rotten food), a rumbling announces that the next phase is about to begin. Suddenly we are being pushed towards a hint of light that has appeared from nowhere. Resistance serves no purpose and in short order we have emerged into the starkness of Life on Earth. The Love of a mother's smile instinctually relieves the baby of the initial terror and the road ahead begins.

The progressing child learns the ways of

humanity and adopts the mind-set of the culture. Constantly reinforced in this by those around them, they truly believe they are a person in a body for a bit of Time. They develop their mind and become more and more certain that they are who they think they are. But what is this feeling inside underneath it all? Simultaneous to the surface activity, there has been a dim but constant echo. Something inside feels that they come from God and that their own Existence means so much more than they yet know.

Reaching the limits of Mind, the aging aspirant draws to them a facilitator. With a hug of Love, the master blasts open the mental prison and for the first time the human discovers that they are alive! The heart bursts forth in song; gratitude and tears of Joy reveal that Life will never be the same. Making up for past transgressions, everything that is touched, now turns to Gold. The alchemy of inner transformation has begun.

Day after day upon awakening the newly found faithful friend to nature is happy to discover that they remember the world is a magical place. Assimilating the 4th dimensional astral plane, they are frequently transported to other realms to have experiences unlike any they have ever had before. Angels and ghosts, Eye beings and

Astral Visions II

dragons, ancestors and famous artists you love, various gods and all the creatures of the elemental kingdoms will begin visiting from time to time. Door after door will open and all of your dreams are revealed as visions of a higher reality.

During this process of ascension the progressing disciple comes to know their Soul and through recovering it piece by piece will remember past lives and regain the experience of each one. Becoming integrated, new talents present themselves and through allowing them expression, they paint the road ahead. Experiencing, reflecting, and creating, the Heart opens wide and begins to stream in a never ending expansion of Love.

Lifting off of Earth consciousness which up to this point had been the Holy Spirit which had set things into motion, the Soul now realizes the Power of Wholeness, and consciously returns to the Path with full Awareness of all that has come before. Tuning into the Sun, the 5th dimension is attained and for a time you will be the representative of the Sun on Earth; or put another way, the Son/Daughter of God. Everything you encounter, you will shine your light on and lift to this level of perceptive capability. Free of the Mind and wrapping the Heart in Awareness,

there is nothing in this place which can touch you. Settled in your inner aloneness, aware that all is One and that we are seeing but various slices of spectrums here and there, the Super Individual is ready to see even the known universe disappear and still be steady on their feet.

The secret history of the solar system is then revealed by the Sun itself. If you have found favor, the Sun will introduce you to other stars and through them you will communicate with beings on other worlds. Soon the whole of Space is your playground and Thy Will be Done on Earth as it is in Heaven. Sharing the Creative Force with the Great Creator, you become Ambassadors of Change, the Wellspring of Life. Ideas are toys/joys that you share as your fulfillment cannot but shower intricacies/delicacies all around. Eternity is just long enough to enjoy the potentials which can be explored.

After awhile the Archangels who have become your best friends start flying in a whirling circular motion over the top of your head. Suddenly, you have been lifted up and out by the vortex they have created. No longer bound to the Soul or this Solar System, you realize the full scope of who

Astral Visions II

you are and always have been. The Christos is awakened. Your heart feels so juicy that it is oozing Love, and your mind is completely quiet. There is a Cosmic Holiness to the Universal Truth that is now your own Understanding. The messianic visions of youth were but a harbinger of the Second Coming of Christ which comes again and again in those few who truly go for the deepest meaning of Jesus' teaching. Gaining enough momentum to escape the gravity of this place, more friends and new experiences are waiting in many other parts of the Galaxy. You are free to go.

Super Channeling II

It is an Age Old Battle

Ye who art the keepers of darkness, take heed across the land.

The truth which has been guarded through the millennia by but a few human hearts, has survived the period of tribulation. Beginning to take deep root, the influx of resources from the astral plane has become a wave that will be impossible to stop. The ascension will and is going forward. All messages to the contrary are planted by those who adopt methods in attempts to deceive.

Furthermore it is quite possible to channel angels or demons. The demons will use similar and sometimes even more skillful language, but their cunning intent can be felt by the pure aura of one connected to the source. If you are not sure of what you are doing, do not take on the demon. It will awaken in you your deepest fears and the threshold of psychic torture it will put you through might overtake your ability to absorb and transform. You must be centered.

All around us there is a whirling of activity by the angels who have to work full time to protect

humanity. If you think things are bad now, imagine if the angel substrata was not there. All of those near misses would be hits. Speak with them and begin to see when the air becomes a little wavy. The corner of your eye detects motion. Eventually with practice your vision will become increasingly clear. Angels are not rare at all; they are everywhere. Archangels overseeing the astral plane can only be contacted when you are ready to look them in the eye.

This is not a mythology but a guide for practice. See for yourself if it is true. If not, this hard core empty 3D world is but a prison and we are all being punished for something we didn't do. Thank God that this is not the case. It is a mystical world of wonder that goes higher and higher and higher. Beings upon beings and everything we have dreamed has a place somewhere. We as omnipotent humans can interact with anything anywhere anytime we'd like. Learn what you can become.

Once you liberate your spirit and remember your full story, you are ready to take your place in the world as an awakened being responsible for what you create around you. No longer letting life simply happen to you, you will stand up and with keen ability to manifest your vision you will

Super Channeling II

build the future brick by brick. The limited dogmas pertaining only to the flesh are raised even as the many extensions of each fractal. There are subtler layers superimposed upon the rigid ones. A major chord becomes a minor 7th, which becomes a #11. Colors are not only RED and ORANGE, but each of the ever changing hues of fire.

Oppression can not exist where you exist. Influence can not abide in the presence of the self-aware. Share this power. Find ways to encode this precious knowledge everywhere. Let the roots keep growing and nurture them with your attention and time. Love yourself, Love Life, and Love the Changes that are even now expressing the Tao.

Jesus through Christ Consciousness

Jesus didn't have any friends who understood him. With the women he could always speak the language of woman. The men were too simple and uneducated to grasp abstract meanings.

Jesus resonated the Love of the Holy Spirit and Saved (retrieved) Souls. The teaching of the Essenes was very Shaman like. Most minds are not developed enough to receive the mystery.

Jesus did have fear; he was also in full surrender. Consciously serving the will of the Creator he walked forward. Accepting the outside while embracing inner nature, he demonstrated wholeness.

Jesus carried the cross while the people spat upon him. T is for truth; faith in truth is what the cross represents. The hardest part of the crucifixion was the unrealized potential.

Angel Buddha Christopher: Cosmic Ambassadors of Joy

“To be back in a place where I can once again somehow deliver a communication to the people of Earth is both a pleasure and a necessity. Gliding away is not an option until certain things have come to pass. I could disappear, but it is not often that one finds such clarity and meets it with the ability to express the intricacies of spirit. Bumping up against mind filters, we have to find a way to slip a little Truth into the deeper reaches of our inner realm. It takes but one ray of light to dissipate darkness. O seekers, heed the eternal call! Let not the undulations of the world hold sway. The ephemeral can be enjoyed and experienced, but one must never believe that they belong within it, because if they do, when the changes turn the present into the past, their concept of self will be battered against the rocks on the shore of time to be lost forever.

Watch out for thought loops. They will catch you and cause you to repeat the same foolish mistakes that have been occurring on the blue-green planet for millennia. Masters demonstrating self-awareness are rare gems who have appeared

through/in time to keep the fires of realization stoked. It makes one shed a tear for their beauty and imagination. While most people go about their tiny lives, the sage basks in eternity, dropping fragrant rose pedals in hopes of perhaps stirring a memory. With humor and a twinkle of knowing, they sing the song of salvation from soul to soul. Using vibration they reinvigorate dead cells and cause them to once again dance. What could you do if every atom in your body was smiling? No longer simply a glorified eating-machine, you would find purpose in your nature and fulfillment from its expression.

You are slowly evolving out of your infancy as a species. Do not let EGO react in horror at the idea that you have not already arrived. Think in terms of millions of years and you will see that you have only recently emerged, and are just now starting to remember that you are more than the shell you are staying in. When we become aware of this, our inner light starts shining through the skin, changing the frequency of our resonance and merging the Body, Mind, Soul into one transcendent conscious entity. To drastically simplify simply for the sake of giving the living something to grasp onto regarding ascension, the Body is the 3rd dimension, the Mind when freed of identification with the body and when viewed

Super Channeling II

from the Heart, is the 4th (Astral/Dream world), and the Soul reawakened, unified, in tune with the Sun, and now home, is the 5th.

You, spirit as flesh, are an interesting creation. Each manifestation brings something unique into the picture that everyone can benefit from. Building upon lessons already learned, the individual can avoid typical pitfalls on the path, and instead opt for an application of universal law in the support of good. This is why it is advisable to study history and to soak up information from those who have walked many roads. Assimilating all of it and rising above, humanity is moved forward in the only sensible way. So many pieces from so many places have come together in your body vehicle given as a gift from the Earth. Believe me, if She did not want you here, you would not be. He, the Sun, sends you Wisdom, and She sends you Love. Destiny awaits the cosmic ambassadors who will travel forth to share the Joy of your Solar System."

Angel Buddha Christopher Reaches out to Brad and Angelina

“It is not surprising that you have found each other. It is also not unexpected that you would have to dart around the globe to have the private romantic time that you both need. Brad, you should not feel bad at all for leaving Jennifer. You and Angelina have past life ties that made it inevitable that you would come together. You have fragments of Anthony and Cleopatra that to this day long to be close with overwhelming magnetism. This is also why there is an overtone of the forbidden around this coming together. It is part of the backdrop that makes the flames of passion burn even hotter. You are pulled out of this world into a timeless state of bliss.

You are ancient royalty and can not hide this fact because it clearly resonates. (For those who can see, Kobe Bryant has this energy as well.) Remember above all that this is a spiritual quality. Reflected in you is the ideal of living life as a god or goddess. This is an understanding that all of humanity can aspire to. It is also the way things were meant to be on Earth. People clamoring just to get a glimpse of you, is

testimony to the madness of those who have not yet discovered their own divinity. Perhaps one day you will be able to turn to the crowd and use the opportunity to share some of the deeper lessons of life. If you were to open up in this way, people would listen.

Assimilate all you have experienced in this incarnation and all the lessons of your past lives. Take back up the soul's greater journey and move on. You will most likely one day remember that you are just visiting here; stars on Earth who come from the stars. Your cosmic heritage will provide many of the answers to the hidden aches in your heart. If centered in a growth process, your relationship will bear much fruit. Be cautious not to let old mind habits associated with others come to the fore and be shared one upon the other. Externalize in an atmosphere of acceptance and mutual understanding. It takes time, but soon the past will fade away and you can find new joy in each moment.

The highest achievement in existence is not fame, fortune, or fans. It is to become awakened to eternal truth. I send you blessings and good wishes for your nature to be set free."

Lennon – Revolution's Soldier

"You must never forget that before anything I was and am a soldier. The cause I fight for is Justice. Sure, Peace and Love and all that, but there will be no chance for it if humanity is crushed by the forces of oppression. You must see the beauty, and shout about the beast. If you'll notice by listening once more and yet again to the sutra music I left behind, I give rise to both in my vision. You must never get too light in the loafers about me and relegate me to yet another New Age-r who can not speak freely. That was one thing I grew to hate about the Beatles, what you call now, Political Correctness.

'Imagine' was one tune and not even my favorite. 'God' is better, 'O My Love' is better yet, and 'Revolution' among the best. It is easy to associate me with 'Imagine', but it is misleading to believe or promote that that alone was what I was or am all about. Look at my whole body of work....the progression...and let that be an indicator that helps you link to my spirit. This is the way to get to know me, and any of you can do it. Use my advice to transform your own view of the world. I am indicating a realm. You can join me here.

Do not let planted stories on the internet about me being a communist and such utter crap, allow you to be swayed. There are some human beings who are truly sincere and I was one of them. I bared my soul to all of you and demonstrated my spiritual progress to inspire you to do the same. I kept moving and still keep moving. I encourage you to do the same. Life keeps moving and so should we.

I know many still dream of the Beatles and color every word with their own hopes and perspective. John the man is far more than anything we used to be in the old days. When you find the truth, it is enough."

Horus the Hawk Head

“You have known me as many different faces in many different phases of your history. More recently in your societies, you have not seen us whom you used to love as anything but a footnote of antiquity. The religions that developed from the ‘Old Testament’ as you call it, have been like a fever that has gripped humanity and taken much from them. Simply being an old text does not give it any special significance. True, it is one account of humanity from an earlier time, but why do you not give Egyptian and Mesopotamian documents parity in your reckoning and ascriptions of value?

Your pre-history is rich in tradition and full of mysteries which you are only now starting to foray into. It is a shame that only so few read the cuneiform tablets that are available in plenty. How can you trust without your own verification through personal understanding? Eventually humanity should plug all ancient remnants into a massive computer database. Documents containing language should be decoded and made available for all to peruse. Getting to know the people through their expression, you can re-link to the

culture and open the doorway to the wisdom they embodied.

For centuries I was prominent in the affairs of Humanity. Pharaohs followed my model. True there is a One-ness that underlies all of Existence, but that does not preclude the possibility of Life throughout higher dimensions. Herein lies the great error in your modern philosophical/spiritual reasoning. In most of the standard traditions there is a leap to the extreme and a denial of astral possibilities. Some, like the Egyptians of Old, and their ancestors in the Pleiadian area of the Universe were aware of the Body, Oneness, and the hierarchy of entities in between.

I am a Son of God. Some of what you have worshipped in Christ is really a prayer to me. For these Love vibrations I thank you. Jesus Christ is a different type of God man. He brings Spirit down to the people and delivers it on their terms. This never was my choice as I prefer to rein Supreme. The hawk quality is often associated with me as I am a god of Awareness, servant of the Eye. So to be precise I am the Son of the Sun. Though I may have receded from the mind of man, my contribution to human

Super Channeling II

development will echo throughout your continued evolution.

We will talk again when you remember your life beyond the handful of incarnations under the influence of your Mother the Earth. She is an embodiment of a yet higher entity – Kali/Isis. With unimaginable power and beauty, Woman slides through all the realms. A monument to this quality and an anchor for the feminine energies, the Statue of Liberty in your American harbor is no different than many of the wonders of the Ancient World. Today she holds steady even under the strain that is currently superimposing itself over your land. Help Her help you to remain free.”

The Great Milky Way Black Hole

Just as the expression of Creation is analogous to the exhale of a breath, so too the Great Milky Way Black Hole is the Inhale for the vastness that is the body of our Galaxy.

The only reason your conduit is able to interpret this is because the Great Black Hole re-reversed the messages and brought them to a place that could be understood in the Earth planet's vernacular. Further translations to reach all who can be reached are up to others who will follow their divinely inspired inner inclination.

"Some of you are in danger of losing a grip on reality. Taking the conspiracy and the heavenly realizations too far, you have constructed an alternate and more complex matrix. Seeing your way back from this edge will be almost impossible if you are left to continue proving yourself right. Truth never feels like a fever. You will know who among you is aware because they are relaxed, good humored, and they listen. Seek them out and be with them.

Black holes are rejuvenators; giant tornadic vacuum cleaners that sweep space of all

dissipating energy and turn it back around through the stars. Imagine the whole Universe with the stars as exhales (Shakti) and the black holes as inhales (Shiva); one gargantuan living entity warbling an ever-morphing plethora of realities.

There is more, but for now this will do.”

Secrets of the Galaxy

Secrets of the Galaxy I: Sirius gets Serious

"As an elder in this part of the Galaxy, I would like you to know a little more about your Sun from my perspective. You could almost consider me an Uncle to your Sun, therefore a Great Uncle to you. Your Sun, though brilliant, would be considered about a teenager to speak in Human terms. He has some amazing thoughts, and we are very pleased with His Creative work for the most part. You may have noticed the phenomenon of solar flares and how they are increasing? Well, these could be considered emotional growing pains the Sun is having and unfortunately it is having a distinct and profound impact on your mother Gaia, and upon life on Earth.

Things will be okay and we are here to give the Sun, your father, Love and assistance in His own transformation. Through and beyond these temporary darker overtones is a higher consciousness for the Sun and this is being transferred into the open hearts of Humans on Earth. You are for the first time being given the capability to sync up completely with your father. His thoughts will be yours and we the

Stars in the Galaxy can then communicate directly to you all. Many of you are destined to go even farther when all lessons have been learned in your Solar System. There are many other star systems and planets with so many experiences to have!

I have been in contact with Humanity often in the past. The Atlanteans knew me, the Egyptians knew me, the Greeks knew me, and many native peoples were blessed by my deep ancient wisdom. Would you not think that many would say hello to the brightest star in your sky? I am always communicating with you. All of us stars have voices. Learn again to listen to the messages we have never stopped transmitting. You fill your precious subtle minds with such static. Get away from the artificial lights and break free from the background noise. Get back to Life in Nature and see things as they were in the beginning, for each day this eternal truth is born anew.

It is such a pleasure to transmit this message. We have been following the ascension process many of you are going through and are greatly encouraged to see you building such fast and steady friendships with each other. Keep the faith and stand strong together in what you are doing. It is the right direction and the way the

Secrets of the Galaxy

awakening miracle is going to occur on your planet. Light is expanding in every direction. One person reaches another and another and another. Soon you will be shining stars in your own right and you will take your place next to us in space. So many blessings are afforded the living. I am sure you and I will be friends for thousands of years."

Secrets of the Galaxy II: Rigel's Revelations

"From my unique position in Orion I have been able to see a lot of what you humans on Earth might call Juicy Galactic Gossip. Again and again I have watched as those lizards cruise by on the way to give you a visit and tinker with your DNA. One thing they want to do is reemphasize medulla power and strangle the creative energies that arrive through the higher parts of the brain. Hammering on the humans they have been able to dull many by pushing the soul right out of the body. Thinking only in terms of security and survival, the darkness of fear activates the repressions in many and locks them in on themselves. Cut off from the Source, their Soul begins to suffocate and die.

De-evolution to the instinctual animal is being resisted by light workers who are desperately attempting to wake sensitive people up. Showing the people how to heal and reclaim their individual power is what they were sent to Earth to do. They come from other parts of the Galaxy such as the Pleiadian and Andromedan areas of Space. Many beings from many frequencies are on the Earth at this time. From where I am, you

can see them arrive, and then dive into the portal of incarnation. Human bodies are the vehicles for travel on Earth; they in no way indicate the greater continuity of your being. Your energy body remembers what it is like to fly through the Stars.

You would not have been allowed to enter the Earth experience unless you were in some way prepared for it. Normally you think in terms of your Earthly existence being Life, and death being the end of it. From where I am, it looks like you are orbiting the Earth and keep swooping in for a closer look...to enjoy the fruits of the Garden. There are some among your company that hang out high above the others, silently watching over them. They operate at greater time intervals and drop in on occasion to assist in the progressing of events. They also counteract some of the lower level demon influences that continue to nag humanity due to the suppressed emotional states of most people.

It is a joy to see that some humans are beginning to peel away the limitations of 5 sense perception and open up the secret surprise that was always inside. You are so close to evolving to the next stage of your species' destiny. Some of you are already there and so make it easier for the

others. Even as Buddha arrived home and Jesus opened a gate for the Sons and Daughters of God, so too each of you who attains to realization makes it that much easier for the others because you are all connected and the raising of one's vibrations raises all others. We stars always send you supportive energy. You dream when you gaze upon us, because the wonder that is awakened is your own Soul potential.

Remember Rigel as your friend. You can communicate with me anytime day or night. It is easy if you believe you can do it and are patient enough to establish the link. Even if we resonate silently together, we can share many journeys through the Universe. I will do what I can to facilitate your transformation. I will introduce you to the other stars that I know and we will always be together as a family. I Love you. Open up your Heart to receive my gifts and brilliantly we will shine as One. There will be more stories another day, and until that time, I wish you well and look forward to all things that are potential becoming actual. The game goes on and things are starting to turn in your favor."

Secrets of the Galaxy III: Vega's Vibes

"I have found my way into humanity's imagination with my gentle but persistent intent driven vibes. Being so close, I have often whispered sweet starlight into your ear. Life comes in many forms my friends. It isn't all in bodies. Consciousness, Intelligence, and Awareness exist throughout the galaxy in many different ways. Sometimes they exist as pure presence, and sometimes they are available for telepathic conversation. This is something you really must get used to. It is quite natural, and easier than you might preconceive.

If you would only consider that your own light body is made of stars, it wouldn't be so difficult for you to understand, that we, your star brothers and sisters, can interact with you. Some seem to allow for the possibility of influence by the planets in their own solar system, but many haven't yet considered deeply that all of the stars in the sky influence each other. Just because at the present in the body, you are smaller and there are many of you, doesn't mean that anything has changed. It is a great congregation, and if you could get along, anything would be possible.

Humanity intuits its own greatness underneath all the temporary eruptions of doubt and insanity. What if I told you that we've talked many times before? You just don't quite remember it yet because of that whole thing about losing your greater continuity when pressed into the Earth travel unit. You magnificent creatures have to back away from those 5 senses once in awhile and just feel the brilliance of your light. With your chakras stars you are a constellation yourself. Even more magical, you are walking around creating the myth right now!

Some of you will visit me in spirit and some in the human body in future incarnations. Some of you can reach me now if you drop a line from your 3rd eye. I'm always here and I always answer my calls. To the sailors and those who know the stars and use them to chart a true course through life, I send my thanks and best wishes. Often I send a bit of extra energy to encourage your bravery in the most dangerous of journeys. Humans are fascinating creatures, and I do Love you all. Gaze upon me and perhaps you will notice that I am looking back. "

Secrets of the Galaxy 4: Antares, Heart of the Scorpion

“Even as the human body takes on the form of your character, so too does the color and brightness of a star reflect the qualities of the being exuding this energy. Wake up to the truth that conscious life is all around you and your progress as a species has been observed since your conception. I’m not one of the nicest of stars in the sky but I am one of the most intense. There is much you can learn from me. With passion and depth of purpose, my thoughts contribute to structures that manifest throughout the Galaxy. Your thoughts can do the same when you are able to stand behind a vision and continue to work towards its realization. Experiments and failures are the path to success.

Ease yourself out of Time and you will find more happiness. Humans can never find peace until they are able to give up rushing around after unrealistic dream projections. From here it looks as if people are dizzy and keep tripping into obstacles they put in their own way. There are a few that come up to the sky for a breath of space. It is a whole different way of perceiving

life in the Universe. If you are living against the clock, your time will run out; if you are living fully in the present, time does not apply. The more of 'You' is Here, the more will be experienced and the slower time will seem to move until one day you link into the flow of Aum through Existence and you are no more separate.

The Creator Source has a heartbeat which you and I both echo in our own pulsing nature. Creation is an ongoing masterwork that relies on cyclical rejuvenation. Creativity is a Holy wind breathing Life into matter...spirit into flesh. The rawness of Fire rips ignorance and the gentleness of the butterfly awakens imagination. No matter how many ways we characterize the Kingdom, it remains elusive to definition by always opening new portals. Like Existence, you too must open new portals. Your light is becoming too potent to keep in a jar anymore. You must give it room to shine or the compression will get greater and greater. You'll see when you can breathe again and a song arises from the depths of your soul.

It would be tremendously helpful to humans if they could learn to develop the quality of Intimacy. They have harmed each other so much in their money games that trust is hesitant and for

most takes much time. The purity of Life on Earth would have Humanity openly trusting each other and revealing the depths of their inner world freely without fear of condemnation and judgment. Each individual can find this place and live this way. If for some reason you are betrayed it has no effect because trust is an aspect of being not a behavior. In fact compassion can arise for the betrayer and the hurt they must be carrying. Inspire this quality in others by daring to live so insightfully and uninfluenced by passing storms.

The strength of a sword rings from its sheath. Save offensive strikes until absolutely necessary then strike completely. There are times in nature where one must push back. Struggle is part of what made you humans what you have become. Since most of you have protection for your bodies, the struggle has moved to your minds. If you could let this go and remember yourselves as the transcendent beings that traveled to this area of the Universe for a learning vacation, you would be able to solve your worldly problems near instantly. There is no lack of solutions, only a lag in societal evolution. We can see that it is slowly coming along. Many lights have become brighter, but huge groups have gotten darker as well.

You bright folks (who will be the more likely to receive this transmission) should consider building your own space ships. From here it is obvious that the clouds will clear up and Venus will host another Eden. Mars civilization was destroyed, but the seeds made it to Earth. The Adam and Eve project specimens joined with the native inhabitants of Earth and were able to survive, and eventually thrive. The Earth's vibrations soothed the troubled souls that began incarnating and it seemed as if Earth would be the place for you all to heal. Then the OUTSIDE INFLUENCE occurred and early behavior patterns were reawakened causing humanity to veer wildly off developmental course.

You were supposed to be moving out into the Solar System by now. Your few probes are a meager extension of your eyes and ears. Many of you have dreams of going farther. This is possible. Become aware of the higher realms and bring this in when considering how to deal with the future. Adapt what you see in Existence to the tools you have at your disposal to create artifacts in harmony with the Tao. Then you will have efficiency and beauty. It is not often that I get to speak to humans with human words and I am satisfied that we have touched upon a few of the deeper realms. Many of you have

communicated telepathically with me before and a couple of you knew me before this incarnation. I was once a marvelous giant planet much like your Jupiter and Saturn if merged as one and twice the size. I orbited the grandest of stars Helicon...”

Secrets of the Galaxy 5 – Grandpa Betelgeuse

“Stars eventually leave their old bodies to have new and greater experiences even as humans do. I am currently in the protracted process of slipping out of the red supergiant that you see in Orion’s shoulder and have called Betelgeuse. When I have fully escaped and the blooming of the lotus of my life in this vehicle for expression unfolds, you will see a supernova flash across your sky screen. Even from your small planet Earth it will be an extremely noteworthy event. At this time, all I have learned will be released and those that are receptive will feel a tremendous influx of energy.

Having known most of the beings in this area of the Milky Way since they were born, I am relating in the manner that you humans might call 'grandfather' to those around me. Much of my energy is retreating inwards, but I still keep half an eye open to what is being created in the space around me. Sometimes I even have a look towards humanity to see if there is anyone I can have a chat with. I am always up for a cosmic tea party. What we share does not have to be of the most ultimate nature. Many of the stars go on

and on about the Source and when they communicate with humans, they are always bringing the conversation to a knife's edge.

I've been through so much that it is nice to simply be here and say hello. Intensity has its proper place and that is why the younger stars are naturally driven to manifest this in the necessary ways. After watching so many things occur, you develop a distance in your perspective. This inner space makes relaxation possible because no matter what happens, part of me is not involved. If you can learn a talent from me regarding how to approach your life, this would be it. As a silent observer, you are present, you reflect things exactly as they are, and you do not surrender part of your being to passing phenomenon.

Let me take you on my celestial knee for a moment. Sweet star children, the Universe is a marvelous place! Never forget that you belong amongst the stars and that the whole Existence is your home. You are never alone, you just sometimes feel like you are. Remember that we have always been here and always will be in some form. Seasons change, and many things rise and fall. The Love that brings two friends together never fades away. It has been my

Secrets of the Galaxy

pleasure for us to connect. I shall never forget
you and I pray that you remember me.”

Secrets of the Galaxy 6: Polaris and Friends

“I have guided many a seeker before and will continue to do so for some time. Eventually I will be released from your eyes as Pole Star designation and shall be just another star in your sky. I look forward to the quiet, and am already experiencing the winding down of attention in my direction. Even a couple of hundred years ago, many humans were connecting with me nightly. Sharing energy, they came to look upon me as an old friend. Some developed a relationship with me that lasted through many Earth lives. How much humanity has forgotten! They wind their way forward at a reckless pace, convinced that they are advancing, not remembering that the whole point of the journey was supposed to be to discover and enjoy.

Being quite a distance from your Sun’s System, it is a marvel that communication can be successfully established. Human beings are a wonder. Throughout your species’ existence, many have shown the propensity towards remarkable perceptions and achievements. I honor you and have learned from you even as

you have from me. Perhaps you may not be consciously aware of my influence, but over the years, I have guided humanity not just as a marker in the sky, but as an archetypal representation of an aspect of your subconsciousness; something in you which is unswayed no matter how difficult the journey. Sailing a straight and steady course with your life, you can never go wrong.

I'd like you to know Merak and Dubhe. They have been humbly silent, but are feeling forlorn simply being seen by modern man as the stars that point to me. As a friend to humanity, I ask you to enjoy them on their own terms the next time you see them in the sky. One of those nights when the big dipper looms enormously overhead, cast your eyes upon the last two stars and thank them for their beauty. For them I have much gratitude. They have been good friends to me and I wish to share their blessed qualities with you. In the greater bear they make up part of the mother to the lesser bear child of which I am a part. Centuries of human stories are derived from existential truths that have been intuitively perceived."

(Merak and Dubhe come forward.)

“Our Love for Polaris brought us to add in this joyous expression. How inconceivable it was for us to have this means of communication where we can speak to humans in human language. Of course we always interact light upon light, but this method develops the intimacy so the next time you see us in the sky we will have a deeper connection and the energy dance of our auras will mean more. We could each speak individually but in this moment prefer to unify and say that we are here in friendship. Honored to portray an aspect of the Great Bear, we have warmth and regard for all of life. We are gentle, lucid, and would like to mention that Polaris is not the Pole star by coincidence. It takes a certain kind of leader even amongst the stars to hold the attention of millions through millennia. Without a bit of angst, this noble sentinel has a unique quality that has steadily held together the center of our mythos.”

(Polaris returns...)

“I will hold forth for some time and after awhile recede to give another the duty of maintaining core vigilance. Imagine all the stars pulsing while they converse with one another. There is much chatter in the skies. If only you knew! Many stars gossip about one another even like human

teenagers. This might seem odd until you remember that all is God playing with God. There are so many ways for Existence to experience itself and all of our forms, disguises, roles, and masks, are just colors of the game. Above all relieve yourself of worry, guilt, and unnecessary stress. The process of letting go is a path that will never lead you astray. Find your own center and stay the course.”

Secrets of the Galaxy 7: Gentle Deneb

"In the Swan I am the tail and in the Northern Cross, I am the head of Christ. As part of the Summer Triangle, I, Vega and Altair remind you of the divine power of 3. Simply gaze through the portal we create, open up and allow perceptions to form. This is a type of dimensional gateway for higher energies to flow into this area of space. Imagine a steady stream of Love pouring through. You can drink of this and be healed of any ailment. Relaxing you can touch the present more deeply than ever before.

I have successfully been able to cultivate an area of peacefulness in my sphere of influence for many millennia. A combination of vigilance and compassion has created a celestial oasis that many galaxian races have silently acknowledged is one place where they will not war. An aspect of why my method has worked is because it is free of judgment. This allows others to be non-differentiating as well in my presence. It is the harmony of the center revealed from without, encouraging the process within.

Along the path of the Milky Way, many come here to be in the quietly rejuvenating energies

that emanate from my being. Any can partake of this resonant energy anytime. I can tell the facilitator of this message even now is deepening his connection to my subtle soothing vibes. Most beings who find their way to your solar system have been here before. For the destructive aspects of some of these beings, I am aware and would like you to know that I know about what has been occurring.

At the core of my message to you is to see yourself as you are and recognize the beauty of it. So many create an idea about what they would like to be and constantly feel that they are failing to live up to what they themselves have constructed. Then they suffer self condemnation and the agony of guilt. Cycling downward deeper and deeper into the prison, it takes a mighty lifeline to save the day. Acceptance of the uniqueness of each creature speaks to reason as well as feeling which awakens understanding.

You must also realize that you are swimming through the air even as the Aquatics on your planet swim through water. Is it not clear to you yet that you emerged from the Sea? This is the womb of the Earth. There is much about your world that you know about only in ancient myths and fairytales. Thank the Creator that you have

this much or else you would have no link at all to reconnect with what is still there and more. All the beings in all the realms are aware of and experiencing the same transition that are you humans.

I am your friend and my light always shines in support of your efforts towards transformation."

Secrets of the Galaxy 8: Pleiadian Echoes

"One of the strongest influences on your Earth culture, we know all there is to know about you. Where we exist, time does not move as it does for you. A million years is like a moment. Your growth as a species can easily be considered in a scientific manner. Your planet looks remarkably like a Petri dish to us sometimes. The difference is in those among you who have been able to consciously connect to their own source. They transcend the circumstance and are capable of communication with the greater universe.

We have always and always will send you vibrations of harmony. At various times, our aesthetic has come to the forefront of human affairs and things have been peaceful for many years. The Atlantians and later the Egyptians were well acquainted with our mysteries. You see echoes of our presence in the hieroglyphs and depictions of ancient god forms. Imagine silence deepening and penetrating every bit of space. Release boundaries of thought and interpretation. Just be and let pure presence remain.

Each of you is much like our star cluster many call the 7 sisters. Each individual star maintains independence while working together for the good of all. So the 7 becomes 1. Now this new unity can take part in an even greater community. In like manner, each of your 7 chakras is 1, representing a world of its own. When they work together, the 7 becomes 1. Then this higher 1 can work with other 1's here to become yet another level of organic oneness. This is the way dimensions are superimposed upon one another and transmigrated.

Eventually all stars will unite to serve truth. There are just a few lost in bodies that have forgotten the Joy of Unity. They will suffer for awhile; perhaps may even cycle through a few more incarnations. Not to worry. Purity is being restored in your area. Sol has had enough of the Free Will experiment careening forward unimpeded; it has been thrown off by outside influence. He can turn a deaf ear to Gaia's pleas no longer. Harmony must be established in a way that reflects the growth of experience and the beauty of nature."

Secrets of the Galaxy 9: Aldebaran, Eye of the Bull

"Coming forward to speak out of necessity, I reinforce certain aspects of character that have been somewhat lacking in humanity's display of attributes as of late. Know ye no sense of honor or integrity? So ready to trade away self-respect for fleeting gain, people are destroying their own souls for what amounts to absolutely nothing in time. One must focus on the eternal not the transitory. Up and down are merely the oscillations that bring beings to understanding through experience. You must remember to bravely play the cosmic game. Rather than searching for final victory, enjoy the intricacy of its unfolding.

Choices made with the whole Earth community in mind will awaken the nobler qualities in humanity that had unfortunately grown dormant through the instigation and repetition of lesser brain pathways. Beware of that which constantly draws you out through the senses. Pleasurable at first, many of these enticements can become addictions which pull you again and again down from spirit consciousness into solely body perception. Rather than living in the open free

spaces of the inner world, you will be always in search of sensation. One of your Souls, Gautama Buddha, was a pioneer of freedom in this regard.

Throughout history I have been associated with the Bull's Eye and have also been recognized as an emissary for Archangel Michael. Indeed today He is more active in the Earth sphere than He has been for millennia, due largely to the fact that certain dark forces were set loose by mischievous entities. This is all part of the cosmic cycles and provides the circumstance where angelic beings can become more personally involved with humanity's spiritual progression. Truly this is a time of great joy for those on the astral plane. They understand that it is the backdrop of darkness which makes light possible.

It is the right moment to call forth your own personal power and engage in the effort to protect and encourage the children of light. They must come to understand that it is not unloving to protect yourself from one who harms you. The perpetrator may immediately polarize and try to define you, but that is the only technique they have, and once you learn to hold steadfast in spite of their reproaches, they will no longer have any control over you. Often the demonic entities attempt to evoke your worst fears, but if you have

Secrets of the Galaxy

taken over this process consciously, they will find themselves rendered completely impotent.

Be truthful, be strong, and be well good spirits. I send you the benefit of my energy always.”
